The TeamSpeak Operator Lurk

The TeamSpeak Operator Pwnzy

The League of Legends Tournament Director Dragonride

The League of Legends Tournament Director Pokecamo

The League of Legends Department Chairman Herc

Minecraft Update as Read by Dr. Baskerville

Good evening my fellow House of Players members. As Villoux's Minecraft Department Chairman, I am pleased to announce the system's largest department's status. Presently, the system is undergoing a transition of hosting services from various companies to one consolidated account on MultiMinecraft Server Hosting. This explains the reasoning behind the servers being down. The system is presently working with MultiMinecraft to get subuser accounts setup so that each individual Server Head will have access to their files, but their files only. When this is setup, Basic Craft, Izvorni Craft, Technic Craft, Snowflake Pixelmon, the System Building Server and New-Age Craft will enter Villoux Beta Testing phase. The other two servers, Drug Craft and Craft of the Titans are currently in need of a Server Head and will not be released until we are able to find a person suitable for these positions. If you are interested in applying for either of those positions, please contact me after the House of Players meeting and after the Team Fortress 2 Tournament that will follow the House meeting. This hereby concludes my Minecraft Department update, and I would be pleased to entertain any questions, comments, or concerns in regards to Villoux's Minecraft Department.

Thank you for that update, Dr. Baskerville. I will now open the floor to any questions, comments, or concerns in regards to Villoux's Minecraft Department. If you wish to vocalize a question, comment, or concern in regards to Villoux's Minecraft Department, please send me a private message at this point. Again, this should be a private message, not a message sent into the House of Players channel or a poke.

Thank you for that update, Dr. Baskerville. The House will now move to the Grand Council Member, Realm of the Mad God Department Chairman, and Guild Master of Villoux's Eight-Bit Death Guild, Flosion.

Realm of the Mad God Update as Read by Flosion

Thank you for that update, Flosion. I will now open the floor to any questions, comments, or concerns in regards to Villoux's Realm of the Mad God Department. If you wish to vocalize a question, comment, or concern in regards to Villoux's Realm Department please send me a private message at this point. Again, this should be a private message, not a message sent into the House of Players channel.

Thank you for that update, Flosion. At this time, I would like to welcome the King of TeamSpeak and League of Legends Department Chairman Herc to give an update on Villoux's League of Legends Department.

League of Legends Update as Read by Herc

League of Legends is going well. The next tournament is on March 9th at 6:00 PM central. I plan to work with the press to get more people into the league of legends department by working with the Press Officers to get more people onto League of Legends. The population is still very good and the Finnish department is growing. That's about it for the League of Legends department - thanks.

Thank you for that update, Herc. I will now open the floor to any questions, comments, or concerns in regards to Villoux's League Department. If you wish to vocalize a question, comment, or concern in regards to Villoux's League Department please send me a private message at this point. Again, this should be a private message, not a message sent into the House of Players channel.

I appreciate your update, Herc. We will now move to the Team Fortress 2 Department Chairman, DragonBreath, for an update in his department.

Team Fortress 2 Update as Read by DragonBreath

Hello everyone, as you know I am the Team Fortress 2 Department Chairman, DragonBreath. In the Team Fortress 2 Department, we are currently working on establishing the Main Server. Hopefully, we will have the server up and running by mid-March and will be more than happy to invite all of you to attend.

Thank you for that update, DragonBreath. I will now open the floor to any questions, comments, or concerns in regards to Villoux's Team Fortress 2 Department. If you wish to vocalize a question, comment, or concern in regards to Villoux's TF2 Department please send me a private message at this point. Again, this should be a private message, not a message sent into the House of Players channel.

I appreciate your update, DragonBreath. We will now move back to the Villoux Chief of Staff, Chairman Committee Speaker, and Minecraft Department Chairman, the honorable Dr. Baskerville to lead us in the closing ceremonies.

Closing Ceremonies as Read by Dr. Baskerville

Thank you, April. This is quite a significant House of Players meeting indeed. This being the 12th House of Players meeting means that this system has recognized the House of Players for one full year. That is truly amazing. I know of no other community that is able to hold a democratic governmental body for so long that acts so successfully. I would like to thank all of my fellow House of Players members for their loyalty and dedication to this system. I would especially like to thank my Executive Baskerville Assistant, madam April for leading us in the ceremonies tonight, and I would equally like to thank the rest of the system's Grand Council and Board of Executives for their non-stop efforts to maintain Villoux's motto, "Villoux Server System – Where excellency is your only option". I feel I should also welcome and congratulate Villoux's new Executive System Press Officer, King Kiro, who will be assuming the Executive role per 48and87rock's promotion to the Villoux Grand Council. Welcome to the Board of Executives King Kiro; I look forward to working with you. Without further a duo, I will now announce what you have all been waiting for. This month's Friend of Villoux is the Radio Villoux Dj Manager, Ryen. Not only does Mr. Ryen excel in his position as Dj Manager by ensuring that there are a plentiful amount of events every Friday, but he also acts as a welcome wagon to new users to the system and does everything he can to get them situated and comfortable. For that myself, and the rest of the Grand Council, thank you. I do have on final announcement tonight – the 9th Team Fortress 2 Tournament will be hosted immediately after this meeting. There are still positions available in the tournament, so if you wish to participate, please contact a member of the Team Fortress 2 Tournament before the tournament starts. With that being said, I, Dr. Baskerville, do hereby adjourned this 12th meeting of the Villoux House of Players!
