**Transition: With that being said, we will now open this meeting with the Department Updates. As Department Chairman of the system's largest department, it gives me great pride and pleasure to read the Minecraft Department Update.**

*Minecraft Update as Read by Dr. Baskerville*

Villoux's Minecraft Department has experienced many changes throughout the course of this month, and as such has been running a bit more slowly than usual. As mentioned last month, the Grand Council Member Crokeykid has assumed the role of Server Head for Villoux's drug roleplay server, Drug Craft. Mr. Crokeykid has experienced some unforeseen difficulties with the map. Fortunately his brother and System Coder, Mr. Liamc214, the Building Manager, Mr. SoulSniper, and the Executive System Builder Veteran, Mr. Sammygman, have been able to assist him in repairing the damage. The server is now looking to be released very soon. The next large change made in the Minecraft Department was the disbandment of our Creative/Towny Server, Izvorni Craft. Since October of 2012, Mr. Beameron, the former Server Head, has been working on and off of the server and has encountered many problems in his work. Despite his general ability to overcome these problems, I am afraid that he is not going to be allowed to continue to allow problems to prevent his server from its release. Mr. Beameron lives in the Netherlands, and as such operates in a different time zone than most of Villoux, so it was relatively difficult for him to get the system's staff's support. Unfortunately, this does mean that the system will be closing the server. Another notable change in the department is the fact that the Server Head of Basic Craft, Mr. TheMikeh85, has been fired from his position for inactivity. For the near three months that his server has been released, Mr. Mike has played nearly no role in it. Fortunately, the Grand Council Member and former Server Head of Basic Craft, Mr. Smudd, has agreed to accept our offer to become the new Server Head of Basic Craft. Whereas Mr. Smudd will be building a new spawn map for Basic Craft, the old map has been made accessible, and will continue to be until further notice. Due to the System Building Department's lack of staff, and lack of proper Executive administration, the system has fallen quite behind on building our Minecraft servers. With the small staff that he has, the Building Manager, Mr. SoulSniper, has been attempting to build the very large maps of both Craft of the Titans and Old-Age Craft. His building staff is nearing completion on the map for Craft of the Titan's, Villoux's PVP

server. Once that task is complete, he and his staff will begin construction again on Villoux's medieval roleplay server, Old-Age Craft. Presently acting as the shining light in Villoux's Minecraft department is the Snowflake Pixelmon server. The server itself has proven to be a great success, and has been bringing in both user and financial revenue for the system. With that being said, I hereby conclude my Minecraft Department Update.

**Transition: The House will now open the floor to any questions, comments, or concerns in regards to the Minecraft Department. If you have a question, comment, or concern, please send me a private message, not a poke, with "question, comment, or concern", respectively.**

**Transition: Seeing as there appear to be no further questions, comments, or concerns in regards to the system's Minecraft Department, we will now move the system's second largest department, the Realm of the Mad God Department. I welcome their Department Chairman, Mr. Ryen, to the floor.**

## *Realm of the Mad God Update as Read by Ryen*

Hello my fellow House of Players members, my name is Ryen, and I am the newly instated Realm of the Mad God Department Chairman. I will be replacing the former Realm of the Mad God Department Chairman, the Grand Council Member Flosion upon his retirement. When Mr. Flosion stated that he was retiring from his position as Chairman due to lack of time to devote to the system, he named me his heir, and I graciously accepted the offer to become the Chairman. With my introduction being said, it now pleases me to bring you the department update for Villoux's second largest department. In this update, I will be sharing with you recent changes within my department, upcoming events in Realm of the Mad God community, and other miscellaneous information about our department. Recently, we have added one additional guild to our department, the Corruption Guild, which is led by their Guild Master, Mr. ZeusssLol and the TeamSpeak Operator, Mr. MarvelSwaGG. We are also presently undergoing a search for a new user to become the Guild Master of the Clique Guild. I am the former Guild Master for this guild, but I feel that my responsibilities as Department Chairman should not compete with responsibilities as a Guild Master. If you are interested in becoming the Guild Master of the Clique Guild, please send me a message after tonight's meeting. Speaking more specifically in regards to the channel flow within my department, it pleases me to announce that the Chairman Committee members and I will begin working on a way to make the department's user flow communicate more easily. As anyone that uses the Realm channels frequently can tell you, conversation can be difficult to hold when there are 10-15 users in a channel. Due to the fact that we have many more users than we have channels, I have proposed that we rename our present channels to the names of the in-game servers, such as USSouth and USWest, similar to that of the League of Legends Department. Upon renaming the present channels, we will also be adding additional public channels to further help with the conversation flow. Now, I am sure that many of you are aware that the Radio Villoux DJ, Adrian, was hoping to apply a Realm of the Mad God Private Server that he runs along with the TeamSpeak Operator, Mr. MiketotheD to the House of Players this month. Unfortunately, Mr. Adrian is on vacation with his family during this House of Players meeting, and was therefore unable to apply his server. I do, however, expect that he will be seeking to apply that server in August's meeting. Finally, I would like to remind all users that if they are experiencing difficulties with any members of the Realm of the Mad God

Department, that they are to report their difficulties to TeamSpeak Operators or myself. I understand that we have some trolls in our department, and I would like to do everything that I can to stop those people from causing any more problems. With that being said, I hereby conclude my Realm of the Mad God Department Update, and look forward to your questions, comments, and/or concerns.

**Transition: The House will now open the floor to any questions, comments, or concerns in regards to the Realm of the Mad God Department. If you have a question, comment, or concern, please send me a private message, not a poke, with “question, comment, or concern”, respectively.**

**Seeing as there appear to be no further questions, comments, or concerns in regards to the system’s Realm of the Mad God Department, we will now move the system’s third largest department, the League of Legends Department, and grant the floor to their Department Chairman, Mr. Herc.**

*League of Legends Update as Read by Here*

**Transition: The House will now open the floor to any questions, comments, or concerns in regards to the League of Legends Department. If you have a question, comment, or concern, please send me a private message, not a poke, with “question, comment, or concern”, respectively.**

**Seeing as there appear to be no further questions, comments, or concerns in regards to the system’s League of Legends Department, we will now move the system’s 4<sup>th</sup> largest department, the Team Fortress 2 Department, and grant the floor to their Department Chairman, M. Cap1991.**

## *Team Fortress 2 Update as Read by Cap 1991*

Good evening, all. This evening I will be speaking about the Team Fortress 2 Department how it has been improving. The Mann Vs. Machine server has had quite a bit of flow, however none of the users have decided to stay as permanent users in the TF2 Department. Speaking of the Mann Vs. Machine server, I am presently accepting Server Head applications for that server. The former Server Head of the Mann Vs. Machine server, Mr. Bosiephus, has been promoted to become the Server Head of our Main Server. Mr. Bosiephus will be replacing the former Server Head of the Main Server, Mr. 3ste40, who was happily reassigned to serve as a Baskerville Assistant. So, again, if you are interested in applying to become the Mann Vs. Machine Server Head, please send me a private message after this House Meeting. I would also like to remind everyone that there are two positions open as Team Fortress 2 Tournament Directors. Whereas I would not try to encourage any of you to leave your present positions, I would like to request that you get the word around that there are positions available. Now, this weekend is the 14<sup>th</sup> Team Fortress 2 Tournament. I would like to invite all of you to come join us for this great experience. The tournament begins at 8PM US Central on Saturday. If you wish to sign up, please message myself, or my Tournament Director, Mr. Tixie, after the meeting. I appreciate your time, and will welcome any questions that you have!

**Transition: The House will now open the floor to any questions, comments, or concerns in regards to the Team Fortress 2 Department. If you have a question, comment, or concern, please send me a private message, not a poke, with “question, comment, or concern”, respectively.**

**Seeing as there appear to be no further questions, comments, or concerns in regards to the system’s Team Fortress 2 Department, we will now move the system’s smallest department, the World of Tanks, and grant the floor to their Department Chairman, Mr. TickleMyCow.**

## *World of Tanks Update as Read by Dr. Baskerville*

Unfortunately, the World of Tanks Department Chairman, Mr. TickleMyCow was unable to attend this House of Players meeting due to personal reasons, but he did submit a speech to the Chairman Committee that he requested I present to you.

Good evening my fellow Villouxians. Starting my first Department Update, I would like to begin with saying that in the first month of the World of Tanks Department being on Villoux, we have managed to acquire two clans to join us. Both clans, the GROSS Clan and the tRolltrakors Clan, have a userbase of over 15 users. In addition to the two new clans, we have acquired several random players through means of platooning and other general gameplay. It gives me pleasure to announce that we will be hosting our first World of Tanks Tournament next month. With that being said, I am looking for Tournament Directors to help me organize, prepare, and manage the tournaments. If you are interested in becoming a Tournament Director, or know someone else who might be interested, please contact me after tonight's meeting. Finally, I would like to thank everyone for welcoming me and the World of Tanks Department into the system.

**Transition: The House will now open the floor to any questions, comments, or concerns in regards to the World of Tanks Department. If you have a question, comment, or concern, please send me a private message, not a poke, with "question, comment, or concern", respectively.**

**Seeing as there appear to be no further questions, comments, or concerns in regards to the system's World of Tanks Department, we will now conclude the system's Department Updates. The House will move to the Executive TeamSpeak Operator, Mr. Pwnzy, for the TeamSpeak Announcement.**

## *TeamSpeak Announcement as Read by Pwnzy*

Good evening Villoux House of Players. It pleases me to give you an update on Villoux's TeamSpeak server as the Executive TeamSpeak Operator. This month, the Operation Department has been successful in both expanding our operating forces, and issuing more bans on users that have previously been notorious for causing issues. In order to more effectively inform users what the violations are for breaking certain regulations, I am working with the Executive System Coder, Mr. Jdaca, to both update the list of regulations on our website and add a bar on the regulations page that discloses the lengths of bans. Both Dr. Baskerville and I feel that showing users the length of how long they may be banned for violating regulations will prove to be effective in reducing violations

**Transition: The House will now open the floor to any questions, comments, or concerns in regards to the TeamSpeak Operation Department. If you have a question, comment, or concern, please send me a private message, not a poke, with "question, comment, or concern", respectively.**

**Thank you for that announcement, Mr. Pwnzy. Seeing as there are no further questions, comments, or concerns in regards to the system's TeamSpeak Operation Department, we will now move to the Closing Ceremonies.**

## *Closing Ceremonies as Read by Dr. Baskerville*

Well, good evening to you all again. Before I get too involved in the Closing Ceremonies, I would like to announce this month's Friend of Villoux. As you know, the Friend of Villoux Award is an award given every month to one of the hardest working members of the system staff. Your Executive or Department Chairman sends me their nomination, and I select a winner based on the performance I have seen out of the users nominated. It brings me great pleasure to announce that this month's Friend of Villoux award is given to the Building Manager, Mr. SoulSniper. Mr. SoulSniper has dedicated his services to the system for countless hours this past month, and has shown the much needed leadership that our Building Department deserves. Honorable mentions for this month include the Operative Manger, Mrs. Neonkeii, the TeamSpeak Operator Harry, and the System Coder Liamc214. I would like to equally thank each and every one of you – the hard working staff that makes this system what we are – a place where excellency is the only option. Upon the sounding of the gavel, please assist us by moving yourself back to your proper channel. With that being said, I, Dr. Baskerville, do hereby adjourn this 17<sup>th</sup> Villoux House of Players.
