The TeamSpeak Operator MiketotheD

The TeamSpeak Operator Marisgard

The Minecraft Server Head Deepblew

The Realm of the Mad God Guild Master Arathen

The World of Tanks Clan Master GrimbleGromble

Transition: With that being said, we will now open this meeting with the Department Updates. As Department Chairman of the system's largest department, it gives me great pride and pleasure to read the Minecraft Department Update.

Minecraft Update as Read by Dr. Baskerville

This month, the Minecraft Department has finished undergoing a series of reforms. As I am sure many of you have noticed, our Minecraft Department has been relatively inactive as of late. This has been to the numerous reforms we have been undergoing in the department. It was brought to my attention that the former administration of the department was not serving as it needed to, and such I have successfully been able to alter many of the difficulties that stood in our way. The first major change has happened on our simple survival server, Basic Craft. This server's Server Head, the Grand Council Member Mr. Smudd, has recently been overwhelmingly busy with personal matters and work related issues. As such, he has been unable to successfully devote a proper amount of time to his server. Upon addressing him on this matter, he and I both agreed that it was time to hire a Head Admin that would essentially become the primary overseer of the server. Fortunately, we have found a near perfect person for this job. Mr. Smudd and I both agreed that the Baskerville Assistant, Mr. Zombieslyaer935 would be the person we needed to preform in such a role. That being said, whereas Mr. Zombieslayer935 will not become the new Server Head of Basic Craft, he will become the new manager of the server. Basic Craft will be launched later tonight, after the House meeting. Moving to Craft of the Titans, Villoux's Faction/PVP server, and Old-Age Craft, Villoux's medieval role-play server, due to the Executive System Builder, Ms. Siya12's inactivity, the servers have not been able to progress since they are both only lacking a map. Per result of this month's Grand Council Meeting, Ms. Siya12 will be replaced as Executive System Builder with Mr. Sammygman, one of our Executive System Builder and present Executive System Builder Veteran. Mr. Sammy has stated that he is willing, ready, and excited to return to Villoux as our new Executive System Builder, and hopes to complete both server's by the end of the month. Next, is Villoux's Drug role-play server, Drug Craft. Drug Craft was formerly granted to the Grand Council Member Mr. Crokeykid, but since then Mr. Crokeykid has come to the conclusion that he will not have the proper amount of time to manage and run such a server. Due to this fact, he has resigned as Drug

Craft Server Head. I do, however, have an interim Server Head prepared to accept the role. My Executive Baskerville Assistant, Mr. Penguin, has stated that he believes that he has the experience needed to see Drug Craft off to a successful launch. Mr. Penguin had formerly served as Drug Craft's Chief of Police under their last Server Head, the retired Grand Council Member Mr. ZdPanthr. In Mr. Penguin's hands, I am quite sure that Drug Craft will redeem its status as a well-respected, and often-played server. Our final server, Snowflake Pixelmon has undergone a change in administration as well. Their former Server Head, Mr. EmoDemon00, has recently been removed from his position for inactivity. Mr. EmoDemon and I both agreed that the most suitable replacement for him as Server Head would be the former Baskerville Advisor, Mr. Ramt1. Mr. Ramt1 has served as an active member of both the server's userbase and the server's staff since the server's early days. In addition to this, Mr. Ramt1 has proven to be very knowledgeable in regards to Minecraft files as can be seen in his work as a former Villoux System Coder, and has shown possession of administrative skills by serving as an Advisor. For these reasons, we believe that he makes the perfect choice for the server's new Head. I plan to harness a new era of success and prosperity throughout the Minecraft Department in the coming months, and would like to humbly thank all of you for assisting me on this journey. With that being said, I hereby conclude my Minecraft Department Update.

Transition: The House will now open the floor to any questions, comments, or concerns in regards to the Minecraft Department. If you have a question, comment, or concern, please send me a private message, not a poke, with "question, comment, or concern", respectively.

Transition: Seeing as there appear to be no further questions, comments, or concerns in regards to the system's Minecraft Department, we will now move the system's second largest department, the Realm of the Mad God Department. I welcome their Department Chairman, Mr. Ryen, to the floor.

Realm of the Mad God Update as Read by Ryen

Hello, Villoux House of Players; it pleases me to give you this month's Realm of the Mad God update. Similar to the Minecraft Department, the Realm of the Mad God Department has been undergoing numerous reforms, which we plan to continue until we have achieved certain goals. These goals include: banning users that have proven to cause consistent problems within the department, incorporating more European guilds, increasing activity of already instated guilds, ensuring stability with both system Realm officials and channel Realm officials, and hiring additional Operators to assist with managing the Realm channels. If you have any comments or suggestions about our reforms, or feel something should be removed or added to our agenda, please raise in the period of questioning after my speech. Outside just the Villoux Realm community, the company that owns the Realm of the Mad God game, KaBam, has recently added a new "end-game" feature for the more experienced Realm players. This content is aimed at older and more experienced Realm of the Mad God players, and as such may be successful in bringing back some users that have left the game. The Realm Department certainly hopes that it will bring back a few of our old friends. While it is on my mind, I would like to note that any Realm guilds that are presently looking for a hub of communication are free to apply with me to get a private channel for their guild on the Villoux TeamSpeak server. Before I conclude this speech, I would like to take this time to thank Mr. Pwnzy and his Operation Department for partnering with me in reforming the Realm Department. I extend my heartfelt thanks to all of the Operators, Helpers, Mrs. Neonkeii, and Realm channel staff for the work that they do. With that in mind, I hereby conclude my Realm of the Mad God Department update, and look forward to your questions.

Transition: The House will now open the floor to any questions, comments, or concerns in regards to the Realm of the Mad God Department. If you have a question, comment, or concern, please send me a private message, not a poke, with "question, comment, or concern", respectively.

Transition: Seeing as there appear to be no further questions, comments, or concerns in regards to the system's Realm of the Mad God Department, we will now move the system's third largest department, the League of Legends Department. I welcome their Department Chairman, Mr. Dragonride, to the floor.

League of Legends Update as Read by Dragonride

Good evening, Villoux House of Players. As stated, my name is Dragonride, your new League of Legends Department Chairman. The former League of Legends Department Chairman, Mr. Herc, has retired from his post and become a TeamSpeak Operator. With introductions out of the way, I would like to take this time to congratulate the winners of July's 5v5 and 1v1 League of Legends Tournaments. Winning our 5v5 tournament was the user Mr. BrickMasta, and winning our 1v1 tournament was the TeamSpeak Operator, Mr. Viper MK II. I congratulate both of you gentlemen for game well played, and a job well done. With the tournaments in mind, I would like to remind everyone that our 5v5 Tournament will be held September 14 and our 1v1 Tournament will be held September 21. The tournament staff and I are taking applications for both tournaments presently. Please message one of us after the House of Players meeting, and we will add your name to the roster. Tournaments aside, I would like to take this time to make a few announcements about our Select Team. Before Mr. Herc's retirement, he and I devised a new Select Team for the system. The team presently consists of the TeamSpeak Operator, Mr. Herc as the Top lane; the Executive TeamSpeak Operator, Mr. Pwnzy; Mr. Chew On Diss as the ADC; the Executive Baskerville Assistant, Mr. Penguin; and myself as the Jungle. With this team of aces, Dr. Baskerville and I plan to begin entering the Villoux Select Team in some community vs. community events. With that being said, I hereby conclude my League of Legends Department update, and will be more than happy to entertain any questions, comments, or concerns.

Transition: The House will now open the floor to any questions, comments, or concerns in regards to the League of Legends Department. If you have a question, comment, or concern,

please send me a private message, not a poke, with “question, comment, or concern”, respectively.

Transition: Seeing as there appear to be no further questions, comments, or concerns in regards to the system’s Realm of the Mad God Department, we will now move the system’s third largest department, the Team Fortress 2 Department. I welcome their Department Chairman, Mr. Cap1991, to the floor.

Team Fortress 2 Update as Read by Cap 1991

Good evening all; it pleases me to announce that this evening I will be giving you the Team Fortress 2 Department update. I would like to start out by stating that I am presently taking applications for both the Mann Vs. Machine server’s Server Head position, and the Main Server’s Server Head position. Unfortunately, our former Main Server’s Server Head, Mr. Bosiephus, was fired for inactivity, and our Mann Vs. Machine server has still not had a Server Head since it was reinstated. Please message me after the meeting if you are interested in either of these positions, or if you have any recommendations for me. While I am speaking about open positions, I would also like to remind the House that I presently have two positions available as TF2 Tournament Directors. Tournament Directors assist me in recruiting for our monthly TF2 Tournament, ensuring it runs smoothly, and encouraging activity throughout our department. Whereas I would not try to encourage any of you to leave your present positions, I would like to request that you get the word around that there are positions available. Speaking about our monthly Team Fortress 2 tournaments, I would like to take this time to congratulate the Baskerville Advisor Manager, Mr. Cronus for winning last month’s tournament. Mr. Cronus was the RED Team’s Heavy and brilliantly brutalized all of his opponents. Additionally, I would like to remind the House that our 15th Team Fortress 2 tournament will be held this weekend on Saturday at 8PM US Central. We are still accepting registration for this month’s tournament, and we strongly encourage any members of the House to sign up, regardless of their skill level. If you wish to sign up, please contact our TF2 Director, Mr. Tixie, after the meeting. Finally, I would

like to bring everyone's attention to the fact that our Team Fortress 2 Department is presently accepting applications for the Villoux TF2 Select Team. Presently, our select team consists of the Baskerville Advisor, Mr. Cronus as the Heavy; the Villoux Chief of Staff, Dr. Baskerville as the Medic; the TF2 Tournament Director Tixie as the Spy; and myself as the Sniper. This means that we presently have positions open for the Scout, the Soldier, the Pyro, the Demo-man, and the Engineer. Once we have a full team, the system will begin entering us into community vs. community events. If you are interested in applying to join our select team, please message me after the meeting. I believe that this is all we need to discuss in this month's update, so I hereby conclude my department update, and will be happy to answer any questions, comments, or concerns that you have!

Transition: The House will now open the floor to any questions, comments, or concerns in regards to the Team Fortress 2 Department. If you have a question, comment, or concern, please send me a private message, not a poke, with "question, comment, or concern", respectively.

Seeing as there appear to be no further questions, comments, or concerns in regards to the system's Team Fortress 2 Department, we will now move the system's smallest department, the World of Tanks Department. I welcome their Department Chairman, Mr. TickleMyCow, to the floor.

World of Tanks Update as Read by Tickle My Cow

I am sorry to say that not much has happened in this month that has changed my department for the better or for the worse. Quite in fact it has stayed where it was last month. The reason for this is I have been busy with things going on in my life and have been unable to focus on my job as Department Chairman. With that being said I am back in the swing of things and looking for new ways to get users on to TeamSpeak. Furthermore I would like to announce that we will be having our first ever Villoux World of Tanks tournament at the end of September, the exact date is yet to be announced. If you would like to become a part of the tournament or become a tournament director please contact me after the house of players has concluded. If any of you have any comments, questions, or concerns, please message Dr. Baskerville them now. Thank you for your time.

Transition: The House will now open the floor to any questions, comments, or concerns in regards to the World of Tanks Department. If you have a question, comment, or concern, please send me a private message, not a poke, with “question, comment, or concern”, respectively.

Closing Ceremonies as Read by Dr. Baskerville

Well, good evening to you all again. I would like to thank all of the Department Chairmen for aiding me in hosting such a successful House of Players meeting. I would like to additionally thank all of our hard working Executives, Server Heads, Guild and Clan Masters for their devotion to our grand system. With devotion in mind, I would like to take the time to announce this month's Friend of Villoux recipient. As you know, the Friend of Villoux award is an award given out every month to a member of the system's staff who has gone above and beyond in their call of duty. This month's Friend of Villoux is the Baskerville Advisor Manager, Mr. Cronus. Mr. Cronus never fails to assist, advise, and encourage me whenever the need be. Without him, my entire Cabinet would be a very different place. Honorable mentions for this month include the Minecraft Server Head Ramt, and the Baskerville Assistant Zombieslayer935. Finally, I would like to thank you – the hard working staff members of our system. Please never forget that you are the reason we can say, "In Villoux, excellency is your only option". With that mind and in heart, I, Dr. T. Baskerville, do hereby adjourn this 18th House of Players meeting. * Gavel *
At this time, please switch back to your appropriate channels.
