

Villoux House of Players

Proceedings

Order, order! I, Dr. Baskerville, do hereby call to order this 19th meeting of the Villoux House of Players on this 27th day of September in the year of 2013. Topics of conversation for this meeting will be: Operation Department Announcement, System Census Results, Department Updates, and Closing Ceremonies. At this time, I am closing the House of Players channel chat. If you type into this channel, you will be moved out of the channel and be marked as absent for this meeting.

----- Villoux Grand Council Members -----

Council Members -

Smudd

Cap1991

Excused Absentees:

The Baskerville Advisor 3ste40 for School Related Issues

The Baskerville Advisor Crepim for Time Zone Differences

The Baskerville Advisor Mason917061 for Personal Issues

The Baskerville Assistant DagsonB for Internet Issues

The Minecraft Economist Blathozar for Time Zone Differences

The System Host Capta1nTurtles for Work Related Issues

The TeamSpeak Operator Harry for Time Zone Differences

The TeamSpeak Helper Kamasurta for Time Zone Differences

The TeamSpeak Helper MystiA for Time Zone Differences

The TeamSpeak Helper Nexemonsta for School Related Issues

The League of Legends Tournament Director Pokecamo for Internet Issues

The League of Legends Tournament Director Chew_On_Diss for Personal

The Grand Council Member Smudd for Time Zone Differences

The Grand Council Member Cap1991 for Work Related Issues

Unexcused Absentees:

The Baskerville Assistant DinoEme

The Baskerville Assistant Bourneo

The Minecraft Builder _Soul_Sniper_

The Minecraft Builder ianbobtron

The Minecraft Builder ItsMarvel

The System Art Designer Drykos

The System Coder Kitty

The Coding Manager MazingKillaz

The System Press Officer BossBattles

The System Press Officer Craigminer670

The System Press Officer Mikey

The Commercialist Manager Flipman9000

The Radio Villoux DJ Manager ShadowSerris

The TeamSpeak Operator Marisgard

The Team Fortress 2 Server Head TickleMyCow

Transition: With that being said, we will now open this meeting with the reading of the System Census Results.

Census Report as Read by Dr. Baskerville

As you may be aware, every three months, the system holds a System Census to survey elements such as the amount of users in the system, how diverse the system is, and which departments bring in the largest amount of users. The requirements, as outlined by the System Census Ordinance in the Villoux Bill of Ordinances, are as follows: “In order for a user to be counted for in a department, the user must have been active in Villoux for at least one month prior to the census, must use the Villoux TeamSpeak regularly, and must not be issued a hiatus or be inactive in the system for excess one month. If a user violates any of the above stated, he/she is ineligible to be counted in the System Census.” Now that you have a better understanding of the census, I shall proceed with the September results.

I am pleased to announce that this month’s System Census proved to be a great success. In total, the system had 252 users, which is an 8% increase in total userbase from May’s census. In regards to nationalities, the United States of America dominated the system with a whooping 55% of Villouxians being from the US. The Nationalities in total for the system went as follows: the United States provided 55%, Canada providing 8%, Portugal providing 6%, Finland providing 5%, the United Kingdom and Trinidad & Tobago provided 4%, the Netherlands provided 2%, Australia, Germany, Poland, Canada-Ukraine, Denmark, Ireland, Sweden, and USA-Vietnam provided 1%, and Belgium, Brazil, Canada-Serbia, Chile, Czech Republic, Estonia, Saudi Arabia, Singapore, South Korea, Switzerland, Venezuela, USA-Greece, USA-Israel, USA-Cuba, and USA-Mexico providing .05% each.

Getting more specific with the individual department’s censuses, it brings me an extraordinary sense of pride to announce that the Minecraft Department will yet again remain the system’s largest department. This month, the Minecraft Department defined a registered 83 users – which is only three more than our newly appointed second largest department – the League of Legends Department. The League of Legends Department has

now surpassed the Realm of the Mad God Department as the second most populous department. As stated, the League of Legends Department had a total of 80 users defined in their department. The Realm of the Mad God Department, however, has only dropped by one department. That department had a total of 66 users defined. Finally, coming in last place as Villoux's 4th largest department is the Team Fortress 2 Department, which only had 17 users defined it. With that being said, the rankings are as follows: The largest department remains the Minecraft Department, the League of Legends Department surpasses the Realm of the Mad God Department as the second largest department, the Realm of the Mad God Department replaces the League of Legends Department as the third largest department, and the Team Fortress 2 Department inherits the place as the system's fourth largest, and therefore smallest, department.

I find this to be the appropriate time to bring the House's attention to a decision made by the Chairman Committee per result of our meeting. Yesterday, The Committee unanimously decided to disband Villoux's World of Tanks Department following the resignation of the Department Chairman, Mr. TickleMyCow. Seeing as the department had nearly no userbase, the Chairman Committee saw no reason to continue to sponsor the department if the department was not going to have proper administration. Mr. Tickle, who served as a TF2 Tournament Director prior to become the World of Tanks Chairman, will now be rejoining the Team Fortress 2 Department as the Server Head of the Main Server. The only other system staff member of the World of Tanks Department, the former World of Tanks Clan Master, Mr. MystiA will now be joining the TeamSpeak Operation Staff as a Helper.

With that being said, I would like to end our report by thanking Mr. Dragonride, Mr. Coolkidzzz, and Mr. Cap1991 for their dedication to the system and their respective departments. I would like to additionally thank the Baskerville Cabinet for their assistance in counting and calculating the census results. I wish to stress the fact that our Census could not be completed without the assistance of both the Chairman Committee and the Baskerville Cabinet.

Transition: With the System Census Report being concluded, we will now move to the Department Updates. Per tradition, we will begin with the system's largest department, the Minecraft Department.

Minecraft Update as Read by Dr. Baskerville

This month has been a very productive and busy month for our Minecraft Department. As mentioned last month, my Executive Assistant, Mr. Penguin, has begun working on the drug-role-play server, Drug Craft. He and my Advisor Manager, Mr. Cronus, have been working on finalizing the plugins and permissions, and revising certain areas on the server's map. Drug Craft should be ready for a re-launch by late October. Villoux's simple survival server, Basic Craft, will continue to be lead by their Head Admin, the Baskerville Assistant Mr. Zombieslayer935 until their Server Head, the Grand Council Member Mr. Smudd, is capable of becoming more active in the system. Mr. Zombieslayer has made attempts to advertise his server with the System Press Department, but has encountered errors in scheduling. He will, however, begin to arrange for Press Meetings to be conducted for the server and hopes to see the server become more populated in the coming month. Our Pixelmon server, Snowflake Pixelmon, has likewise experienced a slew of miscommunications with the System Press Department, but Mr. Ramt, the Server Head, and Mr. Kiro, the Executive System Press Officer, have stated that they have successfully resolved the errors and look forward to advertising the server in the coming month. Our PVP/Factions server, Craft of the Titans, is presently taking applications for a new Server Head following the reassignment of the former Server Head, Mr. Donutbomber, to become the System Building Department's new Building Manager. If you are interested in applying for the Server Head position, please message me after tonight's meeting, or contact one of my Assistants to arrange a meeting with me. Finally, I have made the decision to disband Villoux's medieval-role-play server, Old-Age Craft. I have done this due to their former Server Head, Mr. Deepblew,'s inactivity, and due to the fact that both our Press and Building Departments are quite stacked with orders. In conclusion, I expect a large growth in activity within our department during the coming month, and look forward to presenting our Department Update next month.

Transition: The House will now open the floor to any questions, comments, or concerns in regards to the Minecraft Department. If you have a question, comment, or concern, please send me a private message, not a poke, with “question, comment, or concern”, respectively.

Transition: Seeing as there appear to be no further questions, comments, or concerns in regards to the system’s Minecraft Department, we will now move the system’s second largest department, the League of Legends Department. Please join me in welcoming their Department Chairman, Mr. Dragonride, to the floor.

League of Legends Update as Read by Dragonride

Good evening Villoux House of Players, as your League of Legends Department Chairman it please me to bring you this month’s Department Update for the League Department. In the past month, we held our 12th 5v5 Tournament. To commemorate one year of holding the 5v5 Tournaments, we decided to add a spin do a “Round Robin” themed tournament. The tournament proved to be a lot of fun, and was received very positively. The winner of the tournament was Mr. MPGH. On the other hand, our 1v1 Tournament did not have many users registered for it, so we unfortunately had to cancel it. At this time, I would like to encourage all members of the House to apply for our monthly 5v5 tournaments, regardless of skill level or experience. The tournaments are played merely for fun, and are a great way to get to know a champion better. Tournaments aside, our Villoux Select has welcomed a new member. The TeamSpeak Operator, Mr. Viper MK II, will be replacing the former League Chairman, Mr. Herc as the Select Team’s Jungle. Therefore, our Select Team presently consists of: Top Lane – myself; Mid Lane – Executive TeamSpeak Operator, Mr. Pwnzy; ADC – the League of Legends Tournament Director Chew_On_Diss; Support – Executive Baskerville Assistant, Mrs. Penguin; and, again, the TeamSpeak Operator Viper MK II as the Jungle. Whereas our Select Team is presently filled, we will still accept applications for it and place users that we deem fit on the reserve list. Now, I would to bring the House’s attention to the Team Speak server’s listings. Many of you may have noticed that the League of Legends Department is now listed directly below the Minecraft Department, and directly above the Realm of the Mad God Department. As Dr.

Baskerville stated, the League Department has surpassed the Realm Department, and as such has been granted the channel position under the Minecraft Department. I am very happy to state that we will be the first department to achieve this status since the Realm of the Mad God Department obtained it in March of 2012. Finally, I would like to extend my thanks to the League of Legends Tournament Direction staff for their assistance throughout the past month. With that being said, I hereby conclude my League of Legends Department Update.

Transition: The House will now open the floor to any questions, comments, or concerns in regards to the League of Legends Department. If you have a question, comment, or concern, please send me a private message, not a poke, with “question, comment, or concern”, respectively.

Seeing as there appear to be no further questions, comments, or concerns in regards to the system’s League of Legends Department, we will now move the system’s third largest department, the Realm of the Mad God Department. Please welcome the Realm of the Mad God Department Chairman Mr. Coolkidzzz to the floor.

Realm of the Mad God Update as Read by Coolkid555

Good evening Villoux House of Players. If you would please, allow me to take these first few moments to introduce myself to you as the new Realm of the Mad God Department Chairman. Prior to becoming the Realm Chairman, I served as both a Radio Villoux DJ and the DJ Manager. I served since the DJ Manager since May of this year, so I feel that I have obtained skills as an administrator by being in a Manager position. Additionally, I have been a member of Villoux's Realm of the Mad God Department since it joined in March of 2012. Therefore, I feel that I am quite qualified to manage the department. With my introduction out of the way, I would like to take this time to explain why I will be replacing our former Chairman, Mr. Ryen. Mr. Ryen informed Dr. Baskerville that he felt he was obligated to resign from his position due to a lack of time to devote to managing his department. Mr. Ryen was sad to part with his job, but assures that he will continue to be active on Villoux. At this time, I will turn the conversation and begin discussing happenings with the Realm of the Mad God Department. This month, our GRUB Guild has replaced their Guild Master, Mr. xGanter with their new Guild Master, Mr. Tauerpower. Mr. Ganter resigned from his position because he was offered another position in a more prominent guild. Mr. Tauerpower, however, was very happy to accept our offer. We will also begin expanding the amount of guilds we have in our department, and will strive to provide a guild for each channel that we sponsor. If you have hopes in becoming a Guild Master, please contact me sometime after the meeting, and I will be more than happy to receive your application. The only requirements you have is that you have at least ten active users that use Villoux's TeamSpeak server, and are also a member of your guild. With that being said, I hereby conclude my Realm of the Mad God Department Update and look forward to any questions, comments, or concerns.

Transition: The House will now open the floor to any questions, comments, or concerns in regards to the Realm of the Mad Department. If you have a question, comment, or concern, please send me a private message, not a poke, with "question, comment, or concern", respectively.

Transition: Seeing as there appear to be no further questions, comments, or concerns in regards to the system's Realm of the

Mad God Department, we will now move the system's smallest department, the Team Fortress 2 Department.

Team Fortress 2 Update as Read by Dr. Baskerville

Unfortunately, the Team Fortress 2 Department Chairman, Mr. Cap, was unable to attend tonight's meeting due to work-related issues. He did, however, request that I speak on a few topics for him. First of all, he would like me to remind you that the 16th Team Fortress 2 Tournament will be held tomorrow night at 8PM US Central. He strongly encourages all members of the system to attend, regardless of skill level. If you wish to join our TF2 Tournament, please send me a private message after the meeting. Secondly, Mr. Cap asked that I remind the House that he is still in need of a Server Head for his Mann Vs. Machine server. He will be taking applications for the position upon his return this upcoming week, and hopes to get a few responses. Finally, Mr. Cap wished me to welcome his department's new member, Mr. TickleMyCow, as the Main Server's Server Head.

Transition: Since Mr. Cap was unable to attend tonight's meeting, the House will not be accepting any questions on his department. This hereby concludes the Department Updates. The House will now move to the Executive TeamSpeak Operator, Mr. Pwnzy, for the TeamSpeak Announcements.

TeamSpeak Announcements as Read by Pwnzy

Good evening Villoux House of Players. As mentioned Dr. Baskerville mentioned, the month of September has been a very busy month for Villoux. The first topic I would like to address in my announcement is the list of regulations that are listed on the system's website. I am sure that many of you are aware that the system claims to have published a list of "bannable offenses" on our system's website, and whereas we do have a list on the website, it appears that the list is not the full and accurate list. Because of this, I would like to firstly apologize for any confusion that this error has caused, and secondly I would like to notify the House that we are presently working on resolving this error. The system's website is maintained by the System Coding Department and their Executive, the Executive System Coder Mr. Jdaca. Mr. Jdaca will begin working with the former Executive System Coder and present Grand Council Veteran Dr. Wilson to get these errors resolved and update the regulations as need be. By the time of next month's announcement, I hope to have a newly published list of regulations. The second topic I would like to address is Villoux's new affiliation with the Overgamers Steam community. The Overgamers Steam Community contacted Villoux and expressed a desire to eventually merge its userbase with the system's userbase. The Grand Council was interested in this offer, and has established a relationship with the community in order to ensure success in the merge. For the time being, the Overgamers will be recognized as Villoux Affiliates, and will be granted an Ambassador to the system who will oversee the merge. Once the system has successfully assimilated the Overgamers, the affiliation will end and Villoux will declare itself to be the owner of the former Overgamers userbase. The Overgamers Community is widely Portuguese, but includes members from all over Europe. The third and final topic I would like to address is a project that has been mentioned by Dr. Baskerville and the former Realm of the Mad God Department Chairman, Mr. Ryen. Dr. Baskerville, Mr. Ryen, and I had expressed that we felt the Realm of the Mad God Department had become far too notorious for being a very troll-troubled and unorganized department. Therefore, we launched the "Reform the Realm Department" project and engaged in eliminating users from that department that had reputations for causing issues. Thus far, the Grand Council has issued one System Ban against a user from that department, and will be hearing two more System Ban Trials for users from the department at their meeting tomorrow. We consider this the first step into making the Realm Department a more secure,

and pleasant part of Villoux. With that being said, I would like to take this time to thank my Operation Department Staff, namely my Operative Manager Mrs. Neonkeii, for their assistance and dedication throughout this past month. This hereby concludes my TeamSpeak Announcement.

Transition: Thank you for that update, Mr. Pwnzy. The House will now conclude its session, and move to the closing ceremonies.

Closing Ceremonies as Read by Dr. Baskerville

I would like to take this time to thank all of our hard working Executives, Department Chairmen, Server Heads, and Guild Masters for their devotion to our system. I would, again, like to especially thank Mr. Dragonride, Mr. Coolkidzzz, and Mr. Cap for their loyalty this month throughout our census period. Speaking of devotion and loyalty, at this time I will announce September's Friend of Villoux recipient. As you know, the Friend of Villoux award is an award given out every month to a member of the system's staff who has gone above and beyond in their call of duty. This month's Friend of Villoux is the Baskerville Assistant, Mr. Brendan720. Mr. Brendan has proven to be a vital asset to both the Chairman Committee and the Baskerville Cabinet during this month by tremendously aiding us by completed various census paperwork. His eagerness and "can-do" attitude never fails to bring a refreshing reminder of the wonderful people our system is comprised of. Honorable mentions for this month include the Operative Manager, Neonkeii; The Baskerville Advisor, Crepim; and the Radio Villoux DJ Manager, ShadowSerris. Finally, I would like to thank you – the hard working staff members of our system. Please never forget that you are the reason we can say, "In Villoux, excellency is the only option". With that mind and in heart, I, Dr. T. Baskerville, do hereby adjourn this 19th House of Players meeting. * Gavel *

At this time, please switch back to your appropriate channels.
