

Villoux House of Players

Proceedings

Order, order! I, Dr. Baskerville, do hereby call to order this 20th meeting of the Villoux House of Players on this 25th day of October in the year of 2013. Topics of conversation for this meeting will be: Operation Department Announcement, Department Updates, and Closing Ceremonies. At this time, the House of Players channel chat will be closed. If you type into this channel at any time, you will be moved out of the channel, and will be marked absent from this meeting.

The Operative Manager Neonkeii

The Minecraft Server Head Ramt1

The Realm of the Mad God Department Chairman Coolkidzzz

The Team Fortress 2 Tournament Director Tixie

The Team Fortress 2 Server Head TickleMyCow

Transition: With that being said, let us now open our meeting with the Department Updates starting with the largest department, the Minecraft Department. As the Minecraft Department Chairman it gives me great pride and pleasure to bring you the Minecraft Department Update.

Minecraft Update as Read by Dr. Baskerville

This month has proven to be a continuation of last's months wave of reforms. As mentioned last month, the Minecraft Department had begun to undergo a large amount of reforms in order to bring some dignity back to the department. Presently, those reforms continue namely with our new Building Manager, Mr. Donutbomber. Mr. Donutbomber and his staff have to been commissioned for a wide number of projects throughout the department and have been able to relight some of the otherwise dull aspects of our various servers. Mr. Donutbomber and his staff plan to continue on working on the map for Villoux's Faction/PVP server, Craft of the Titans, but are not hurrying it due to the fact that Craft of the Titans still does not have a Server Head. I am presently still taking applications for the Server Head position, and strongly recommend any member of the House that is interested in a new adventure to contact one of my assistants after tonight's meeting to arrange an appointment with me. Villoux's two active servers, Basic Craft and Snowflake Pixelmon, have recently been unjustly punished by our System Press Department. Unfortunately, our Press Department has not been performing even remotely close to the system's standards and as such as lead to great disappointment to both of those servers in regards to expanding their userbase. Nevertheless, I have decided that my time to intervene in the Press Department's affairs has come, and I plan to begin reworking many aspects of the department. I am most notably looking for a new Press Manager. This person will be responsible for holding the Press meetings, arranging said meetings with the various Server Heads and Department Chairman, and other overall administration of the department. Any users that are interested in this position should contact one of my assistants sometime after tonight's meeting to arrange an interview with me sometime next week. Finally, our other server in development, Drug Craft, will unfortunately not be making its originally planned late October release. For some reason or another my Executive Baskerville Assistant, Mr. Penguin, the present acting Server Head of Drug Craft, has made little to no progress on the server. Because of his failure to make progress, I have

found that I must get myself re-involved in the administration of the server in order to meet any hopeful release. If things go according to plan, the server should be ready for a release in either late November or early December. Well, with all of that being said, I do hereby conclude my Minecraft Department Update and look very forward to entertaining any questions, comments, or concerns in regards to the system's Minecraft Department.

Transition: The House will now open the floor to any questions, comments, or concerns in regards to the Minecraft Department. If you have a question, comment, or concern, please send me a private message, not a poke, with "question, comment, or concern", respectively.

Transition: Seeing as there appear to be no further questions, comments, or concerns in regards to the system's Minecraft Department, we will now move the system's second largest department, the League of Legends Department. Please join me in welcoming their Department Chairman, Mr. Dragonride, to the floor.

League of Legends Update as Read by Dragonride

Good evening Villoux House of Players, as your League of Legends Department Chairman it pleases me to bring you this month's Department Update for the League Department. In the past month, we held our 13th 5v5 Tournament. The winner of the tournament was Mr. Duyst. We also had our 5th 1v1 tournament. The winner was Mr. Jewdan. At this time, I would like to encourage all members of the House to apply for our monthly 5v5 tournaments, regardless of skill level or experience. The tournaments are played merely for fun, and are a great way to get to know a champion better. Finally, I would like to extend my thanks to the League of Legends Tournament Direction staff for their assistance throughout the past month. With that being said, I hereby conclude my League of Legends Department Update.

Transition: The House will now open the floor to any questions, comments, or concerns in regards to the League of Legends Department. If you have a question, comment, or concern, please send me a private message, not a poke, with "question, comment, or concern", respectively.

Transition: Seeing as there appear to be no further questions, comments, or concerns in regards to the system's League of Legends Department, we will now move the system's third largest department, the Realm of the Mad God Department. Please welcome the Realm of the Mad God Department Chairman Mr. Coolkidzzz to the floor.

Realm of the Mad God Update as Read by Coolkid555

Good evening Villoux House of Players. I am your Realm of the Mad God Department Chairman, Coolkidzzz, and am pleased to present this month's Realm Department Update. The month of October has been a pretty productive month for our Realm Department. Our two guilds, Luxerio and GRUB, have both expanded in userbase and as such have increased the amount of TeamSpeak traffic that the Realm channels are receiving overall. I am very proud of my Guild Master, Mr. Tauerpower and Mr. Firegulf for their hard work and dedication to the department. In addition to the two guilds we presently have, Mr. Qmen will be applying his guild to the system sometime in the coming weeks. Under Mr. Qmen's leadership, I am fully convinced that this guild will be as successful as our other ones. I would also like to take this time to encourage all members of the House to mention Villoux to any Realm of the Mad God guilds they are affiliated with, or have friends in. We are always looking for more guilds to add to our ever-growing department. Finally, I wish to reopen conversation on my idea about having monthly Realm of the Mad God events. This is an idea that has been toyed with by the Chairman Committee, many members of the Realm Department, and even Dr. Baskerville. Despite all of these opinions, I am still very interested in receiving the opinions of the House of Players since the House is a wonderful platform to achieve Villoux's opinion on any particular subject. Without further ado, this is my plan for the month. <At this point, you are to describe your idea>. With that being said, I would like to request that the floor be open to any questions, suggestions, and concerns about the Realm Department as a whole, but especially our event idea.

Transition: The House will now open the floor to any questions, comments, or concerns in regards to the Realm of the Mad God Department. If you have a question, comment, or concern, please send me a private message, not a poke, with "question, comment, or concern", respectively.

Seeing as there appear to be no further questions, comments, or concerns in regards to the system's Realm of the Mad God Department, we would usually move to the system's 3rd largest department, the Team Fortress 2, and their Department Chairman, Mr. Cap, but unfortunately Mr. Cap has been taken ill

this evening and did not submit his speech prior to the meeting date. Therefore, we will not be having a Team Fortress 2 Update this month. We apologize for this inconvenience. With that being said, we hereby conclude the Department Update portion of this evening's meeting. We will now move to the Executive TeamSpeak Operator, Mr. Pwnzy, for the Operation Department Announcement.

TeamSpeak Announcement as Read by Pwnzy

Good evening Villoux House of Players. As your Executive Team Speak Operator, it pleases me to bring you the monthly Operation Department Announcement. The first topic I would like to discuss is our website, and most importantly the regulation page on our website. Our Executive System Coder, Mr. Jdaca, has recently come off of a system hiatus and has therefore been unable to work with our Executive System Coder Veteran, Dr. Wilson in updating this page, or any other page on the website. Since Mr. Jdaca has become reactive, he and Dr. Wilson are planning on meeting as soon as possible so that we can get a full list of regulations published. Moving on, the next topic I would like to address is the fact that each of the system staff channels has received updated channel descriptions. The new channel descriptions now provide more information in regards to they positions associated with the channels. I encourage all members of the House to have a general understanding of each of the responsibilities associated with each position, so I strongly recommend that you all read the channel descriptions sometime after the meeting to stay informed. The third topic I would like to address is the fact that the Overgamers Community that had been affiliated with Villoux last month has now officially merged into the Villoux Server System, and will no longer be represented as an affiliated community. On behalf of the Villoux Grand Council, I would like to welcome the Overgamers users to Villoux's wider userbase. Finally, I would like to thank each Chairman for their work this month in expanding Villoux's TeamSpeak userbase, namely the Realm of the Mad God Department Chairman Mr. Coolkidzzz. With that being said, I hereby conclude my Operation Department Update. Thank you for listening.

Transition: Thank you for that update, Mr. Pwnzy. The House will now conclude its session, and move to the closing ceremonies.

Closing Ceremonies as Read by Dr. Baskerville

Well, I do believe we have had quite another successful House of Players meeting this month. At this time, I would like to thank our Department Chairmen, Executives, and Grand Council Members for their dedication and loyalty to our system, and I would like to bring special attention to one user in particular. As you know, every month the House of Players selects one very hard-working member of the system to receive the “Friend of Villoux” award. This month’s Friend of Villoux recipient is one that will also be willing to lend a helping hand, one that is always prompt and precise in resolving issues, and one that is respectable and mature when dealing with other users. This month’s Friend of Villoux Award is given to the TeamSpeak Operator, Mr. Nexemonsta. Congratulations on your award, Mr. Nexemonsta, and thank you for a job well done. Please contact me sometime after the meeting to receive your prize. Of course Mr. Nexemonsta is but one example in our system’s large staff of loyal and dedicated users. On behalf of the system, I would additionally like to extend my heartfelt thanks and appreciate to you – the members of Villoux’s staff that make the system a place where Excellency is your only option. With that mind and in heart, I, Dr. T. Baskerville, do hereby adjourn this 20th House of Players meeting. * Gavel *

At this time, please switch back to your appropriate channels.
