

Villoux House of Players

Proceedings

Order, order! I, Dr. Baskerville, do hereby call to order this 23rd meeting of the Villoux House of Players on this 22nd day of February in the year of 2014. Topics of conversation for this meeting will be: Department Updates, and Closing Ceremonies. At this time, the House of Players channel chat will be closed. If you type into this channel at any time, you will be moved out of the channel, and will be marked absent from this meeting.

The TeamSpeak Operator Resn
The TeamSpeak Operator MrBunnyMan
The TeamSpeak Operator Mazin
The TeamSpeak Helper SirJohnnyYo

The Minecraft Server Head Blueamigo

The Realm of the Mad God Guild Master Firegulf
The Realm of the Mad God Guild Master Brample
The Realm of the Mad God Guild Master Zickerly

The League of Legends Tournament Director PurpleKing
The League of Legends Tournament Director Shwasbee
The League of Legends Department Chairman Viper Mk II

The Team Fortress 2 Tournament Director Tixie

Transition: With that being said, we will now open this evening with the Department Updates, and we will begin with the system's largest department, the Minecraft Department. As the Minecraft Department Chairman, it gives me great pride and pleasure to present the Minecraft Department Update.

Minecraft Update as Read by Dr. Baskerville

The month of February has proven to be a remarkable month for the system's Minecraft Department. Activity within our department has increased dramatically due to the great success of our new Pixelmon server, Vivo Pixelmon. The server proves to be a melting pot comprised of members from all over the system. Whether they are from the Realm Department, the East European and American League of Legends communities, or other members of the Minecraft Department, all Villoux users alike have greatly enjoyed playing on our server. Suffice to say, it is evident that Vivo Pixelmon has succeeded in harnessing our system's expertise in advertising, building, coding, and operation.

In addition to the major triumph of Vivo Pixelmon, the system also looks forward to the growing success of our simple survival server, Basic Craft. The Server Head of Basic Craft, Mr. Blueamigo, has been meeting with my Executive Assistant, Mr. Cronus, whom has been acting as the Executive System Press Officer in the lack of one. Mr. Blueamigo has been meeting with Mr. Cronus in order to learn more about how to successfully advertise the server, and attract a larger user base. I hope to present more enticing details about the server next month once the two have a had a bit more of a chance to get things established properly.

Villoux's Factions/PVP server, Craft of the Titans, is presently accepting applications for Server Head due to the last Server Head, Mr. JynX123's, be fired for lying to system officials. If you are interested in this position, or have a recommendation for a user you may feel would be interested in this position, please contact my Executive Assistant, Mr. Cronus, sometime after tonight's meeting. I look forward to hearing and meeting anyone that is interested in applying for that Server Head position.

Finally, the system's drug role-play server, Drug Craft, is looking at a summer release. Without a proper Server Head, the administration of the server's establishment has been quite difficult, but I do believe that it is a task that can be completed. Whereas I do look forward to Craft of the Titans Server Head applications, I am afraid that I will not be accepting Drug Craft Server Head applications at this time.

At this time, I would like to publicly and personally thank the Baskerville Cabinet, the Building Department, the Coding Department, the Press Department, and the Operation Department for their combined effort in making our department such a remarkable success. Without the support of Mr. Cronus, Mr. Jdaca, Mr. Donutbomber, and their respective staffs, none of our department's accomplishments would be possible. Again, thank you all for all that you do.

Before we move to questions, comments, and concerns, I would like to encourage comments about how Vivo Pixelmon could be bettered to continue maintaining its high standard. With that being said, I do hereby conclude my Minecraft Department Update.

Transition: The House will now open the floor to any questions, comments, or concerns in regards to the Minecraft Department. If you have a question, comment, or concern, please send me a private message, not a poke, with "question, comment, or concern", respectively.

Transition: Seeing as there appear to be no further questions, comments, or concerns in regards to the system's Minecraft Department, we will now move the system's second largest department, the League of Legends Department. Please join me in welcoming their Department Chairman, Mr. Viper MK II, to the floor.

League of Legends Update as Read by Viper Mk II

<Insert Speech Here>

Transition: The House will now open the floor to any questions, comments, or concerns in regards to the League of Legends Department. If you have a question, comment, or concern, please send me a private message, not a poke, with "question, comment, or concern", respectively.

Transition: Seeing as there appear to be no further questions, comments, or concerns in regards to the system's League of Legends Department, we will now move the system's second largest department, the Realm of the Mad God Department. Please join me in welcoming their Department Chairman, Mr. Nexemonsta, to the floor.

Realm of the Mad God Update as Read by Nexemonsta

Good evening Villoux House of Players! As your Realm of the Mad God Department Chairman, I am proud to present this month's Realm of the Mad God Department Update!

Unfortunately, this month has been a rather slow month in our department due to the game being offline for the majority of the month. The game was offline because one of the most notorious hackers in the game, a gentleman that goes by the name "SwatSec", decided that it would be a fun challenge to take down the game. Alas, he succeeded in his goal and the game had been down for about two weeks. While the game was down, Villoux's TeamSpeak traffic suffered quite a bit due to there being no Realm users online. In fact, Dr. Baskerville informed me that overall traffic to the TeamSpeak server had decreased by 25% throughout the time of the game being down. Thankfully, the game came back online earlier this week and TeamSpeak traffic has resumed as it did prior to the game going down.

Now that the game is back online, my department has decided to begin preparing for a new monthly Dungeon Running tournament. After the House of Players made it obvious to me in last month's meeting that they wanted some form of a monthly tournament, we held a poll and decided that a Dungeon Running Tournament would be a good idea. As such, my staff and I have made the arrangements for a Dungeon Running Tournament to be held next month on Friday, March 14th. If you would like to register for that tournament, please send me a message sometime after tonight's meeting, and I can work with you to get you added!

In addition to adding the Dungeon Running Tournament, my department is also very pleased to be adding an additional guild to the system from the US South Server. The In Meat We Trust Guild was approved to enter the system earlier this week. Their Guild Master, Mr.

Zickerly, looks forward to working with our Realm Department and the system, and hopes to make his guild a great success!

Finally, I would like to conclude my update by thanking my Department staff for all of the work that they do, and especially thank the users from my department that remained active in their posts in the system despite the game being down. With that being said, I do hereby conclude my Realm of the Mad God Department Update, and look forward to responding to any questions, comments, or concerns!

Transition: The House will now open the floor to any questions, comments, or concerns in regards to the Minecraft Department. If you have a question, comment, or concern, please send me a private message, not a poke, with “question, comment, or concern”, respectively.

Transition: Seeing as there appear to be no further questions, comments, or concerns in regards to the system's Realm of the Mad God Department, we will now conclude the Department Update portion of tonight's meeting, and move to the Closing Ceremonies.

Closing Ceremonies as Read by Dr. Baskerville

Good evening to you again, my fellow Villouxians. I hope that tonight's meeting has proven to be a short, yet productive one. I suppose the first matter I would like to speak on is the most obvious one – there was no Team Fortress 2 Department Update in tonight's meeting. Yes, I am afraid that per result of Thursday night's Chairman Committee meeting, the former Team Fortress 2 Department Chairman, Mr. Dragonride, has been fired from his position for inactivity. Since Mr. Dragonride did not have an heir to his department, the TF2 Department is presently without a Chairman. As in accordance with the Villoux Bill of Ordinances, a department cannot remain in the system without a proper Department Chairman. Unfortunately, this either means that we will need to hire a new TF2 Chairman, or the department is going to be disbanded. Since this department is one of the eldest in the system – older than both Realm of the Mad and League of Legends – I would hate to see it go. Therefore, I will be taking applications for that position all throughout next month. If you believe you would be interested in becoming the Chairman, or have a recommendation for Chairman, please contact my Executive Baskerville Assistant, Mr. Cronus, sometime after tonight's meeting. Should we not be able to find a suitable Department Chairman by the Chairman Committee meeting next month, the Team Fortress 2 Department will be officially disbanded from the system.

On a lighter note, many of our system staff members have been working very hard and very diligently this month, which brings me to awarding the Friend of Villoux Award. As you know, the Friend of Villoux Award is an award given every month to one particularly hard-working member of our system. It gives me great pleasure to announce that this month's Friend of Villoux is the Building Manager, Mr. Ssup_Dawg. Honorable mentions for this month include: the Baskerville Assistant, Mr. Qmen; the Radio Villoux DJ Manager, Mr. ShadowSerris; and the Baskerville Advisory, Mr. IcyTheory43. Furthermore, I wish to thank you – the hard working system staff members that make the system a place where

“Excellence is Your Only Option”. With that in mind and in heart, I, Dr. T. Baskerville, do hereby adjourn this 23rd Villoux House of Players meeting. At this time, please switch back to your appropriate channel.
