

# *Villoux Server System*

## *House of Players Proceedings*

Order, order! I, the Right Honorable Villoux Chief of Staff Dr. Baskerville, do hereby call to order this 47<sup>th</sup> meeting of the Villoux House of Players on this 30<sup>th</sup> day of April in the year of 2016. Topics of conversation for this meeting will be: Department Updates, Staff Announcements, and Closing Ceremonies. At this time, the House of Players channel chat will be closed. If you type into this channel at any time, you will be moved out of the channel, and will be marked absent from this meeting.

----- Baskerville Cabinet -----

### **Baskerville Advisors-**

Necroww  
Flosion  
Crepim  
Smudd  
Nexe  
KiityCat  
Icyx

### **Baskerville Assistants -**

KingKazma  
SquishyJH  
LeginAbid  
Pavvs  
Staek  
LatosMaster

### **Baskerville Assistant Manager -**

Jellysam

### **Baskerville Advisor Manager -**

Steve

### **Executive Baskerville Assistant -**

ScionWish

----- System Building Department -----

**Minecraft Builders-**

xShadowHeartsx

**Minecraft Specialists-**

**Building Manager-**

**Architect Manager-**

**Executive System Builder-**

Sammygman

----- System Coding Department -----

**System Coders -**

FluxR

**System Host -**

The Minecraft Server Head, JynX123

**Transition: We will open tonight's meeting with the Department Updates, starting with the system's largest department, the Realm of the Mad God Department. Presenting the Realm of the Mad God Department Update is the Executive Baskerville Assistant, Mr. ScionWish.**

*Realm of the Mad God Update as read by ScionWish*

Good evening, my fellow House of Players members. I will be standing in for the Realm of the Mad God Department Chairman, Mr. Meowzo this evening as he is, unfortunately, ill. As a former Realm of the Mad God Department Chairman myself, it brings me much pleasure and nostalgia to present this month's Realm of the Mad God Department Update.

I am pleased to announce several positive guild changes within our department. Two Villoux guilds, the LOWERCASE Guild and the Melons Guild, merged with each other to form the Basker Villians Guild, an obvious pun at the right honorable Villoux Chief of Staff, Dr. Baskerville. Their merger ensures continued stability for the guild and an increase in overall membership. I would like to congratulate the Guild Master of the Basker Villians, Mr. BigAsh for a job well done. Another positive change was the revival of the Luminarium guild, which originally joined Villoux in January of 2015 under the leadership of the TeamSpeak Operator, Mr. Zaaen. Thanks to the work of the current Luminarium Guild Master, Mr. MightyRM, who also served as Luminarium Guild Master from March to July of 2015, the guild has rejoined Villoux after being removed in September of 2015 for failure to maintain our ten active TeamSpeak user requirement. Finally, the TeamSpeak Operator, Mr. COLDHEARTS has worked with the Guild Master of the Frozen Souls Guild, Mr. XOgmur to bring his guild to Villoux. On behalf of the Realm of the Mad God Department, Mr. Meowzo, and the Villoux Grand Council, I would like to welcome the Basker Villians, Luminarium, and Frozen Souls guilds to Villoux.

On another positive note, our Realm of the Mad God Department successfully hosted a department shatters on April 16. Though our first shatters was a bit rough due to someone dirtying it a bit, the run was overall successful. Upon defeating the first boss, Mr. Meowzo was lucky enough to find a white bag. Upon defeating the second boss, one of the runners got a top tier item. Sadly, several users did not follow proper directions across a lava bridge and we lost two characters. Being somewhat depleted, we opted to end the shatters there. A second shatters was run where we were able to complete the first boss, but a troublemaker managed to run into the middle of the dungeon and drag everything towards the group making it impossible to continue. Luckily, no one died during the second event. Mr. Meowzo has been working with the Monthly Shatters Event Board, on which I serve as Vice President, to decide on the best ways to ensure trolls like these are barred from future events. For now, we will encourage everyone to report incidents like this to Mr. Meowzo whenever they are able to identify the culprit.

Though Villoux sponsors monthly shatters, we do offer a tomb channel that can be used when users wish for a private channel to run shatters and tombs. Part of the Realm of the Mad God Department staff are our Realm of the Mad God Tomb Masters, whose job it is to open the channel whenever users wish to us it. Mr. Meowzo aims to have a Tomb Master for each region Villoux's Realm Department services, specifically Europe, North America, and Oceania, but lately he has received some complaints that the Tomb Masters are not active enough. He would like to seek the advice of the House and see if any members agree that the North American Realm Tomb Master, Mr. Leasing is not active enough to hold his position. If members feel that he is not active enough, Mr. Meowzo would appreciate recommendations for his replacement.

With that being said, I hereby conclude my Realm of the Mad God Department Update. I encourage the House to raise questions, comments, and concerns, especially in regards to the monthly shatters and Tomb Master dilemmas. Thank you.

**Transition: Thank you for the update, Mr. ScionWish. We will now open the floor to any questions, comments, or concerns per regards the Realm of the Mad God Department. If you have a question, comment, or concern, please send me a private message with question, comment, or concern, respectively.**

**There appear to be no further questions, comments, or concerns per regards the Realm of the Mad God Department. We will now move to the system's second largest department, the League of Legends Department. To present the League of Legends Department Update, I welcome the newly appointed League of Legends Department Chairman, Mr. SoulSniper214**

## *League of Legends Update as read by SoulSniper214*

Welcome to the League of Legends Department Update. As your League of Legends Department Chairman, I am proud to present the results of last month's 5v5 North American League of Legends tournament, which featured Team Sona vs. Team Zilean. Team Sona led both battles with a clear victory, and crowned the Counter Strike Department Chairman, Mr. Blubber Socks as their most valuable member and champion of our 29<sup>th</sup> tournament. I would like to thank my North American Tournament Director, Mr. Freelancegamerr for providing major assistance in hosting the tournament. I would also like to thank the TeamSpeak Operator, Mr. Not A Plumber for acting as team captain for Team Sona. Our next 5v5 North American League of Legends tournament will be hosted on May 21 at 6:00 PM USCT.

I am working on having Villoux receive official sponsorship from Riot Games, which will allow us to reward the winning teams in our tournaments with special prizes such as exclusive skins and RP; however, in order to do this our tournaments must feature at least forty users or eight teams. This is a big goal, but one that I feel is never too early to begin working towards. In the past our tournaments have been around ten to twenty users, so doubling the size of the tournaments is going to be something that will require all of us to work together to achieve. I strongly urge all members of the House to bring any people that they know that play League of Legends to Villoux so that we can offer those great prizes.

The Villoux Server System also has our own club on the North American League of Legends server, simply called Villoux. Benefits of joining the club include receiving information about up-coming tournaments, live updates on our tournaments, and notifications whenever other Villouxians are looking for duo partners. To join the club, please send a friend request to my account, Grandmaster Snoop, and I will send you an invitation to join.

The final note that I will make is that I will begin working with the EU West Tournament Master, Sen. Rpascoal to host monthly EU West tournaments, and will explore the possibility of hosting monthly Oceanic tournaments. Should any members of the House be interested in assisting with these tournaments, please send me a message after the meeting.

**Transition: Thank you for the update, Mr. SoulSniper. We will now open the floor to any questions, comments, or concerns per regards the League of Legends Department. If you have a question, comment, or concern, please send me a private message with question, comment, or concern, respectively.**

**There appear to be no further questions, comments, or concerns per regards the League of Legends Department. We will now move to the system's third largest department, the Counter Strike Department. Presenting the Counter**

**Strike Department is the Counter Strike Department Chairman, Mr. Blubber Socks.**

*Counter Strike Update as read by Blubber Socks*

Good evening, my fellow House of Players members. It is my honor to join you tonight as your new Counter Strike Department Chairman, replacing the former Counter Strike Department Chairman, Mr. Frozen\_Tentacles. Mr. Tentacles has retired from his position this month due to the Oceanic time zone being one too difficult for him to properly communicate with his European and North American staff. The Grand Council has requested that I step up from my position as North American Tournament Master to serve as the new Department Chairman, which I graciously agreed to.

Last night, we hosted our second North American Counter Strike tournament. I would like to congratulate the winner of that tournament, Mr. Chris H. Man for his performance in the match. Since we are still new to hosting the North American tournaments, we have continued to have relatively small turnout. I hope to resolve this by requiring each of my North American Counter Strike Tournament Directors to bring one team to the tournament. With myself and three Directors bringing teams, we should have at least four teams in next month's tournament. Speaking of next month's tournament, it will be hosted on Friday, May 13, and we currently accepting applications. With the assistance of the Executive System Coder, Sen. Jibram, the Villoux website will soon host a Google document that allows users to register for the tournament via the website. When it is live, you will access the registration by going to Villoux's website, clicking the "Games" tab, scrolling down to Counter Strike, and selecting "North American Tournament Registration". I encourage all North American members of the House that play Counter Strike to come register for the tournament, regardless of skill level or team involvement. I hope to see many of there.

We are also working on growing our European and Oceanic Counter Strike tournaments. With the assistance of my European Tournament Master, Mr. AJ0X, we hope to start hosting monthly European tournaments by the end of May. With the absence of Mr. Tentacles, I will begin searching for a suitable replacement to serve as Oceanic Tournament Master; this may mean that we will be unable to host a tournament in May, but we will strive to host one as early as possible.

Before I conclude my speech, I would like to thank the Baskerville Advisor, Sen. Crepim and the TeamSpeak Operator, Mr. Zaaeen for providing assistance and guidance to Mr. AJ0X in scheduling and attempting to arrange the European tournaments. Mr. AJ0X and I hope that we can continue to rely on your support in developing our European tournaments. With that being said, I hereby conclude my Counter Strike Department Update, and look forward to your questions, comments, and concerns.

**Transition: Thank you for the update, Mr. Blubber Socks. We will now open the floor to any questions, comments, or concerns per regards the Counter Strike**

**Department. If you have a question, comment, or concern, please send me a private message with question, comment, or concern, respectively.**

**There appear to be no further questions, comments, or concerns per regards the Counter Strike Department. We will now move to the system's smallest department, the Minecraft Department. Presenting the Minecraft Department is the Counter Strike Department Chairman, Dr. Afecter.**

## *Minecraft Update as Read by Affecter*

Good evening, Villoux House of Players, it is my pleasure to return to you as the newest Minecraft Department Chairman. After taking a year long hiatus from the Grand Council and serving as a Baskerville Advisor, I am excited to return to the Chairman Committee as Department Chairman of the Minecraft Department. Some of you may recall that I served as Minecraft Department Chairman from April 2015 to September 2015, and saw great success with the simple survival server, Basic Craft. After failed attempts to manage the department by the former Baskerville Advisors, Mr. MENGES and Mr. H3LLS1CK, the Grand Council requested I resumed my role as Chairman, which I am pleased to do. The department already has several ongoing projects which I hope you will take interest in.

The first of which is our factions/PVP server, Craft of the Titans. Originally started as one of Mr. H3LLS1CK's projects, I will keep on Craft of the Titans and see how far the Server Head, Mr. JynX123 progresses with the server. As of now, it is still in the building phase, needing a complete spawn. It is my understanding that Mr. JynX has all of the files and permissions completed for the server, so we will assess how difficult it would become for him to develop a map given Villoux's current Building Department. If it appears to be fruitful for the department, I will instruct Mr. JynX to work with the Executive System Builder, Mr. Sammygman and the server will proceed with release. This is all subject to change, however, since the department's primary focus will become our newest server, Project Onyx: Infinite.

Project Onyx: Infinite will be Villoux's new FeedTheBeast Infinite server. I will personally oversee production and administration of the server and hope to have it ready for Villoux beta within the next few weeks.

The Villoux Penitentiary, Villoux's prison server, is currently looking for a Server Head. Though there are some users that are interested in applying, I would also like to extend applications to members of the House. If you have experience in playing or administrating prison servers, and you're interested in a position as Server Head, please contact me after tonight's meeting.

Modeled after Basic Craft, our community server, the Villoux Township, strives to be a simple server aimed at users already active in Villoux's Minecraft Department. The Township acts as a server for users to play Minecraft casually with their friends, build towns and communities, and rank up through the various purchasable ranks. The Server Head of the Township, Mr. Wifi90876 plans to have the server ready for full release within the next few weeks. Before full release, I hope many of you will join the server for Villoux beta testing, where we will seek any glitches and errors on the server. More information pertaining to the server's release will be announced when available.

To assist in all of these projects, I will continue to utilize the Minecraft Department Development Board and the newly formed Minecraft Building Review Board. I would like to thank all of the members of each board, especially the right honorable Villoux Chief of Staff, Dr. Baskerville, who serves as the vice president of the MDD Board, and Mr. Sammygman, who serves as the president of the MBR Board. Working together with these boards, my Server Heads, the Building, Coding, and Press Department, and the Grand Council, I am confident that Villoux's Minecraft Department has all the resources necessary to ensure that "excellence is the only option".

**Transition: We will now open the floor to any questions, comments, or concerns per regards the Minecraft Department. If you have a question, comment, or concern, please send me a private message with question, comment, or concern, respectively.**

**There appear to be no further questions, comments, or concerns per regards the Minecraft Department, therefore we will end the Department Update portion of tonight's meeting. At this time, we will move to the Executive System Press Officer, Mr. IronRain for the Press Announcement.**

## *Press Department Announcement as Read by IronRain*

Thank you, Dr. Baskerville. It is my pleasure to present the Press Department Announcement. This evening, I would like to raise awareness to several matters concerning the Press Department. For those of you that are unaware, Villoux is very active on social media. I encourage every member of the House to like Villoux on Facebook, follow Villoux on Instagram, and join our Steam community. Links for all of the aforementioned can be found in the lobby channel's channel description. Also found in the lobby channel's description is the subscription information for Villoux's Remind101. Remind101 is an anonymous text application that allows the right honorable Villoux Chief of Staff, Dr. Baskerville to send reminders about upcoming events, Villoux server releases, and other important information concerning the system. Subscribing to our Remind101 is completely free, requires no download, and should be something that every member of the House uses. To subscribe to our Remind101, simply follow the instructions for Remind101 in the lobby channel's description. If you do not subscribe within the next week, expect to be contacted by your respective Department Chairman or Executive.

The final topic I seek to raise awareness for is our weekly Radio Villoux events. As I presume all of you are aware, every Friday night from 8:00 PM – 12:00 AM USCT, the Radio Villoux DJ division hosts Radio Villoux events. These events serve as a kind of Villoux block party, bringing together users from all gaming department and several different nationalities. At the events, the Radio Villoux DJs will play music requested by the attendees. Oftentimes, user will engage in fun karaoke sing-offs as well. I would enjoy having each and every one of you there next Friday night, and look forward to seeing many of you. With that being said, I hereby conclude my Press Department Announcement. Thank you for your time.

**Transition: Thank you for that announcement, Mr. IronRain. We will now move to the Executive TeamSpeak Operator, Sen. Ace for the TeamSpeak Announcements.**

*Closing Ceremonies as read by Dr. Baskerville*

Well, good evening to you my fellow Villouxians and members of the House of Players. I would like to thank you for assisting me in hosting another successful House meeting. The House of Players continues to be one of the most unique ways Villoux differs itself from other gaming communities. I would like to take this time to thank and announce this month's Friend of Villoux. As you know, the Friend of Villoux award is a monthly award given to a member of Villoux's staff that has gone above and beyond in their respective field. It gives me great pleasure to announce that this month's Friend of Villoux is the Operative Manager, Mr. Oupas. In addition to serving in his position as Operative Manager and performing the responsibilities of a TeamSpeak Operator, Mr. Oupas also often helps our Press Department advertise on forums and volunteers to substitute for Radio Villoux DJs. He is a model example of how staff positions should not limit one's capability and willingness to help across the system. Other honorable mentions for this month include the Minecraft Builder, xShadowHeartx, the League of Legends Tournament Director, Mr. Freelancegamerr and the Realm of the Mad God Guild Master, Mr. MightyRM. I would also like to take this opportunity to thank you – the hard working members of Villoux's staff that make Villoux a system in which "excellence is your only option". With that in mind and in heart, I, the Right Honorable Villoux Chief of Staff, Dr. Baskerville do hereby adjourn this 47<sup>th</sup> meeting of the Villoux House of Players. Please return to your appropriate channels.
