Team Fortress 2 Update

Mount & Blade: Warband Introduction

New Executive Positions

Teamspeak Regulations

Horizon Craft Application

Granting Funds for Technic Craft

Radio Villoux

Friend of Villoux Award

## *Team Fortress 2 as Read by Varacka*

If I may just first start out by stating that I am honored to be not only hosting Villoux's Team Fortress 2 server, but also joining you all as a House of Player's Member. As Team Fortress 2 Head, I hope to assist Dr. Baskerville and 48and87rock in developing an active, fun, and enjoyable Team Fortress 2 server. If you have any requests, comments, or questions, please feel free to message me after the House meeting! Yuhuck!

Now, our Team Fortress 2 Tournament is but two days away! As our tournament comes so close to the start, I would like to encourage all staff to remind the users on the TF2 roster about the tournament. The TF2 Tournament roster can be found in the channel description of the Team Fortress 2 Channel. The House would also like to wish luck to those House members participating in the tournament. The House members in this tournament include:

Captain Penguin, Dr. Baskerville, Dr. Toadley, Madison, mason917061, and Shukakusuru.

We currently have 2 spots remaining open for the tournament. Please check the TF2 roster for more information on the positions, and contact Dr. Baskerville if you are interested in applying.

The results of the Team Fortress 2 Tournament as well as information on future tournaments will be revealed at next month's meeting.

*Mount & Blade: Warband Introduction as Read by Wbtrex*

Good evening everyone, my name is Wbtrex, and I am the owner of the First Colberg Infantry. I have applied to join the Villoux Server System's Steam Department, and have a strong desire to be allowed admittance. The First Colberg Infantry has been working with Villoux for over a month now, and, personally, I believe the relationship has thus far been a great success! May I just say, I am very pleased with the people here, and enjoy them all. I have been honored to speak with many of the users, as well as House members, and have introduced them to Mount & Blade. Hopefully, if I have not already, I will also get a chance to speak to all of you. I would very much like to be admitted into Villoux, and hope that you all will vote towards my admittance.

*Support Speech for the F. C. I. as Read by Cnx4mia 123*

Good evening, I recently sat in on one of the First Colberg Infantry's training events, and I am totally blown over by the way they conducted themselves. They were extremely professional, very cordial, and mature. I see no reason to disallow them a spot in Villoux's Steam Community. In fact, I am in full support of them joining!

*Support Speech for the F. C. I. as Read by Elizabeth D1025*

I would just like to say that, as a personal friend of mine, I know that Trex is exactly the addition Villoux is looking for in the Steam Department. He is noble, loyal, and very trustworthy. I would like you all to aid me in voting for the approval of his department.

*I.S.A. Welcome to F. C. I. as Read by Penguin*

Good evening, everyone. As Vice Chairman of the International System Alliance, and on behalf of our Chairman, Dr. Baskerville, I would like to welcome the First Colberg Infantry into the International System Alliance as a sub-section of Villoux. Congratulations Trex, and welcome to Villoux.

## *New Executive Positions as Read by Dr. Baskerville*

I hope you all are having an enjoyable evening. As Head of Villoux, I would like to welcome our three new executives into their positions. Our first new executive is 48and87rock who will be assuming the position of Executive System Press Officer and succeeding our past System Press Officer, Crokeykid. Crokeykid is still a member of the Villoux Grand Council, and is currently working on Villoux's Runescape Department, and his own Minecraft server, New-Age Craft, which is also a proud Villoux member. 48and87rock has been an active member in Villoux for over a year. His primary server is Drug Craft, and he holds a Moderator position on Craft of The Titans.

Replacing Elizabeth\_d1025 as Executive Baskerville Assistant is Madison. Elizabeth retired from her position as Executive for personal reasons. I believe Madison is highly qualified for the position. She is the head of Villoux's League of Legends Department and an International System Alliance officer for Villoux's sister system, Cake Town. The other new executive is Gooky who will be assuming the role of Executive TeamSpeak Operator. He will be succeeding Nolan Easton after Nolan was fired for treason to the system. Gooky has been an active part of Villoux since the Realm of The Mad God department was implemented. Before being Executive Operator, Gooky acted as Flosion's right-hand man, and was a channel admin for the Realm channels. He is also a proud member of the 8bit-Death Guild. Villoux has a new department: The System Building Department. The System Builders will be responsible for designing spawns and other buildings on the Minecraft servers. The person in charge of the System Building Department will not be an Executive, but a new title known as "Chief". Chiefs will not have an Executive vote by default, however, should an Executive not be present at a Grand Council Meeting, the Chief will be requested to fill in for that Executive which would then give the Chief an Executive vote temporarily. Chiefs will have a regular vote in the House of Players. Joining Villoux as our new Chief System Builder is MissLadyL09. She is a part of Horizon Craft and has vast experience in building, designing, and overseeing many great operations. The Grand Council has high hopes for all of you, and we are already quite satisfied with the work you have done for us thus far. I thank you for your time.

## *TeamSpeak Regulations as Read by Gooky*

Thank you for those encouraging words. As Executive TeamSpeak Operator, I would just like to go over a few things. First of all, I would like to welcome everyone to poke or message me should any TeamSpeak issues arise. If you are unable to elect channel moderators or admins, please feel free to rely on myself and the TeamSpeak Operation Staff for support. Rest assure that all the channels will be at peace as long as I am the reigning Executive Operator.

I would like to also remind everyone about the new IP address. The new Villoux TeamSpeak IP is "villoux.clants.net:8182". I have typed this into chat for you. Please make sure you update your Bookmark and Connection information to the new IP opposed to the old IP of "72.26.207.246:8182". Minecraft Server Heads and other forums post owners, please make sure you update your forums posts to include the new IP opposed to the old IP.

I would also like to recommend that all users that may have background noises such as children, music, parents, appliances, or other noisy objects use a push-to-talk. In order to setup push-to-talk you should go to "Setup Wizard" and click the box that says "push-to-talk" opposed to voice activation. Constant mic. spam is strictly prohibited.

Another issue we are having is that users will connect onto another TeamSpeak server and have the microphone automatically disabled. We would like to request that you mute your sound as well as your microphone should you connect onto a Villoux TeamSpeak server.

Also, a lot of Villoux users have decided to put their real names in parenthesis next to their TeamSpeak usernames. We would like to request that for your own safety and privacy that you only use your username in your TeamSpeak name. Please do not put your real name in parenthesis anymore.

On another note, Dr. Baskerville, the other Team Speak Operators, and I have devised a set of ban procedures that you all are recommend to follow. For disrespect, being disruptive, trolling, and abusive behavior, you will receive a kick. If you continue the activity, or any other disruptive activity, after you have been kicked, you will be banned for one hour. Should you

continue to be disruptive after you have been banned for an hour, you will be banned for a day. Should you return the next day and continue, then you will be banned for two days. If you return after those two days and continue the behavior, you will be banned for thirty days. After the thirty day, if you come back and continue the disruptive behavior, you will be banned permanently. The TeamSpeak Operation staff follows these guidelines, and you are recommend to as well.

Ban formats should be done as the following:

\*type format into TeamSpeak channel chat

<username> - Reason Banned

If you have any further questions, recommendations, or would like for me to send you the banning procedures, please send me a message or contact me after the meeting. Thank you.

## *Closing Ceremonies as Read by Dr. Baskerville*

As we bring our ceremony to a close this evening, I do have a few key points I would like to make. First and foremost, I would like to greatly thank the Villoux Executives for their tremendous support and the great amount of time and effort each one put into running the House meeting. I would like to especially thank 48and87rock for being the Master of Ceremonies for this meeting. None of this would be possible if it weren't for the executives. I would also like to thank the International System Alliance Officers German Princess and Captain Penguin for keeping Villoux a safe and well protected system. I would also like to express my appreciation to our System Building staff for their nonstop effort to complete the Drug Craft spawn and build the House of Players building that we stand in tonight. Finally, I would equally like to thank all of you- The hard working Villouxians that allow us to be such a great server system.
