

# *Villoux Server System*

## *House of Players Proceedings*

Order, order! I, the Right Honorable Villoux Chief of Staff Dr. Baskerville, do hereby call to order this 60th meeting of the Villoux House of Players on this 24th day of June in the year of 2017. Topics of conversation for this meeting will be: Department Updates and Closing Ceremonies. At this time, the House of Players channel chat will be closed. If you type into this channel at any time, you will be moved out of the channel, and will be marked absent from this meeting.

----- Baskerville Cabinet -----

The TeamSpeak Operator, Weemee  
The TeamSpeak Operator, Connah0047

The Realm of the Mad God Dungeon Master, Krpytonite

The Counter Strike Tournament Master, BUTHLA

## *League of Legends Update as Read by Fredrik*

Good evening, Villoux House of Players. I am very proud to report that our department has been growing at a very stable rate and has proved itself well-deserving of the title of the system's largest department. Our most notable accomplishment in June would be the hosting of our 2<sup>nd</sup> EU West League of Legends tournament. This tournament saw higher attendance than last month's tournament and seems to set a good starting standard for our continuing tradition. We have implemented a few changes to the ways that the tournament is structured, beginning with offering a 750 RP prize to the person declared tournament champion. Formerly, the tournament champion was selected by the League of Legends Department staff, however, we are now moving to allow each user that participated in the tournament the ability to elect a tournament champion. We hope that this change will allow the tournaments to be perceived as more engaging and more community-driven. Our next EU West tournament will be hosted on July 15 at 12:00 PM US Central Time, or 5:00 PM British Standard Time. To register for the tournament, please fill out the following application on GoogleDocs:

<https://docs.google.com/forms/d/1SqaGXB8TnOu5CBkw95TRHmbJaVz1ikd34sUfSkXTqqI>.

I hope to see as many of you there as possible. Hosting North American and Oceanic tournaments is still something that is very much a work in progress. Our North American user base in League of Legends is rather low, so until we find a user willing to accept the mantle as Tournament Master for that region, it will be unlikely that will be able to host tournaments for it. The same situation is true for Oceania. Tournaments aside, we have managed to maintain all ten of our League of Legends team channels. I am still waiting to hear from the Executive System Press Officer, Mr. Qmen about his ability to hire a System Commercialist and otherwise advertise my department to grow it. With that being said, the only request that I have for members of the House would to either provide feedback from the tournament hosted earlier today, or provide recommendations for features they would like to see in future tournaments.

**Transition: Thank you for the update, Mr. Fredrik. We will now open the floor to any questions, comments, or concerns per regards the League of Legends Department. If you have a question, comment, or concern, please send me a private message with question, comment, or concern, respectively.**

**Seeing as there appear to be no further questions, comments, or concerns per regards the League of Legends Department, we will now move to the system's second largest department, the Realm of the Mad God Department. Presenting the Realm of the Mad God Department Update is the Realm of the Mad God Department Chairman, Mr. Orcrypt.**

## *Realm of the Mad God Update as Read by Orcrypt*

Good evening, Villoux House of Players. It is my pleasure to join you this evening to present the Realm of the Mad God Department Update. The first topic on which I would like to speak is our monthly dungeon runs. This month's run saw several users from outside of Villoux join us on TeamSpeak and in-game for a couple of shatters runs. Users in my department have recently been discussing the possibility of hosting dungeons runs more than once a month, and I should like to hear the members of the House's opinion on this idea and welcome discussion on it during the questions, comments, and concerns portion of my update. Another aspect of growth that has been benefiting my department is the addition of the new guild, Inglorious. The Inglorious Guild has a total of 25 active members, most of which use the TeamSpeak server on a nearly daily basis. The Guild Master, Mr. Esuma has done a wonderful job in cultivating an active and friendly atmosphere within his guild. I should also like to thank the Counter Strike Department Chairman, Mr. DeaFikka for his efforts in bringing the guild to the system and adding lively conversation to it. I would like to welcome another new guild to the system, the EZ Gaming Guild. EZ Gaming has a total of 39 members in-game and 11 of them use our TeamSpeak server. Finally, our veteran guild, AxW, which was formerly Nyan Eats, has merged with the new Luv is Rage Guild. The guild has seen positive implications from the merge and hopes to continue its longstanding tradition of valuing its guild community. The final topic I will be addressing is our private Realm of the Mad God server, Villoux's Realm. After losing our Server Head, Mr. Teemo about two months ago, the server has been subjugated to an unreasonable and disappointing amount of downtime. I am pleased to announce that as of today, I have hired a new Server Head, the former System Press Manager, Mr. Herorider and will begin working with him to restore the server as soon as early next week. Our plans are to repurchase the VPS to host the server, assess and restore the damaged files, and open the server to Villoux beta-testing by the end of the week. Unfortunately, in addition to losing Mr. Teemo, we also lost our Villoux's Realm Developer Manager, Mr. Silent. The Executive System Coder, Sen. Jibram will be working in partnership with me to fill the void Mr. Silent has created. It is my hope that the two of us can maintain the server's files long enough to discover a new Villoux's Realm Developer Manager. Overall, the month of June has been a very active and successful month for my department. Between the addition of new guilds, the hosting of successful dungeon runs, and the beginning of the restoration of Villoux's Realm, my confidence is beginning to grow that the next system census will be very favorable to us. Thank you for your time.

**Transition: Thank you for the update, Mr. Orcrypt. We will now open the floor to any questions, comments, or concerns per regards the Realm of the Mad God. If you have a question, comment, or concern, please send me a private message with question, comment, or concern, respectively.**

**Seeing as there appear to be no further questions, comments, or concerns per regards the Realm of the Mad God Department, we will now move to the system's third largest department, the Counter Strike Department. Presenting the Counter Strike Department Update is the Counter Strike Department Chairman, Mr. DeaFikka.**

## *Counter Strike Update as Read by DeaFikka*

Good day, House of Players. I have little report on, but I will give you my department update. The first thing I wish to say is that we have still not hosted our first European tournament. I take credit for that fact. Since I have recently been completing school, I have not had the time to meet with our European Tournament Master, Mr. BUTHLA. Now that I have more time, I will be sure to be meeting with Mr. BUTHLA on weekly basis, so there will be no excuse of not hosting a tournament in July, especially with the work of his Tournament Director, Mr. FORUM. I am certain that we will get it done, and am happy to see how it goes. We have a North American Tournament Director, Mr. Einstein, but I am not sure what he has been doing since he also does not meet with me. I will be meeting with him starting next week and discovering what he can do to help grow our North American teams and tournaments. The other unfinished project in my department is our Counter Strike server, Villoux's Surfing Server. The Server Head of the server, Mr. Fried Hashbrowns has not been communicating the issues of the server to me or been meeting with the people necessary to fix those issues. I will also be having a meeting with him every week starting in July. If we are not to able to fix the problems that he has, I will be looking to replace him with Mr. Syn\_C, who has experience in working on servers. Other than the servers and the tournaments, I am happy to say that we have kept the number of teams that we have, which is six. This is a good number, but I want to work with the Executive System Press Officer, Mr. Qmen in making that number grow. Like Mr. Fredrik said, Mr. Qmen has not been very good at communicating with us, so I hope he will do a better job at that in the future. Well, there you have everything happening in my department. I am now happy to hear any questions, comments, or concerns that you are having.

**Transition: Thank you for the update, Mr. DeaFikka. We will now open the floor to any questions, comments, or concerns per regards the Counter Strike Department. If you have a question, comment, or concern, please send me a private message with question, comment, or concern, respectively.**

**Seeing as there appear to be no further questions, comments, or concerns per regards the Counter Strike Department, we will now conclude the department updates portion of this afternoon's meeting and move to the Closing Ceremonies.**

## *Closing Ceremonies as Read by Dr. Baskerville*

As it has been said many times today, good afternoon, Villoux House of Players. As you all can see, the month of June has been a busy one for the system, and we expect to reap the benefits of this month's hard work next month. Speaking of hard work, I would like to thank and announce this month's Friend of Villoux. As you know, the Friend of Villoux award is a monthly award given to a member of Villoux's staff that has gone above and beyond in their respective field. It gives me great pleasure to announce that this month's Friend of Villoux is the Realm of the Mad God Guild Master, Mr. Esuma. As Guild Master of one of Villoux's newest guilds, Mr. Esuma has made tremendous strides in introducing several new users to our TeamSpeak server through his guild's sponsoring of numerous events in game and the delightful community he has cultivated within it. Before I conclude my congratulations, I would be amiss if I did not extend my sincere thanks to the Chairman Committee as well. This past month, I have seen our Counter Strike Department Chairman help introduce a new guild to the Realm of the Mad God Department, our Realm of the Mad God Department Chairman be extremely supportive and proactive in ensuring the success of our League of Legends tournaments, and our League of Legends Department Chairman offer guidance and assistance to our Counter Strike Department Chairman in establishing his own monthly tournaments. Mr. Fredrik, Mr. Orcrypt, and Mr. DeaFikka have been shining examples of how successful the Chairman Committee can be when it works in unison with one another to draw out the greatness of Villoux as a whole. This leads me to take this opportunity to thank you – the hard-working members of Villoux's staff that make Villoux a system in which "excellence is your only option".

At this time, I will open the floor to any general questions, comments, or concerns. If you have a question, comment, or concern that did not fit into any of our previous sessions, please feel free to send me a private message with "question", "comment", or "concern", respectively.

With that in mind and in heart, I, the Right Honorable Villoux Chief of Staff, Dr. Baskerville do hereby adjourn this 60<sup>th</sup> meeting of the Villoux House of Players. At this time, please return to your appropriate channels.
