Transition: We will begin this evening's meeting with the Department Update portion, starting with the system's largest department. To begin the Department Updates, please welcome the Department Chairman of the League of Legends Department, Mr. ChewOnDiss.

League of Legends Update as Read by Chew On Diss

Good evening, Villoux House of Players. I will be providing a very brief update of our League of Legends Department before we enter the holiday season. Last week, we hosted our 31st North American League of Legends tournament, which featured two Villoux teams going toe-to-toe on Summoner's Rift. The tournament consisted of three games with the final game being a tie-breaker. Ultimately, Team Zoe won the tournament and the Baskerville Advisor, Mr. Steve was named the tournament's champion. Thank you to all of the members of the House that participated in the tournament and made it such a great time! I am very excited for our next monthly League of Legends tournament, which will be in January 2018. I will post the date of the tournament in #league_of_legends early next year. In the meantime, several of the users in my department, including myself, will still be casually playing the game. If you ever see us in the public League of Legends channels, please feel free to join us for some games, or invite other Villouxians to games in the League of Legends text channel or in-game club. I look forward to seeing you all again in January and wish you a happy Hanukkah, merry Christmas, happy New Year, and all that jazz.

Transition: We will now open the floor to any questions, comments, or concerns in regard to the League of Legends Department. If you have a question, comment, or concern, please send me a private message with question, comment, or concern, respectively.

Seeing as there appear to be no further questions, comments, or concerns in regard to the League of Legends Department, we will now move to the system's second largest department, the Realm of the Mad God Department. Presenting the Realm of the Mad God Department Update is the Realm of the Mad God Department Chairman, Mr. HK.

Realm of the Mad God Update as Read by HK

Good day, everyone. As your Realm of the Mad God Department Chairman, it is my privilege to present to you November's Realm of the Mad God Department Update. This month we succeeded in my ambition from last month – hosting two dungeon running events. The first event was hosted on the first Saturday of the month and saw about fifteen users attend and the second event was hosted earlier today and saw about ten users attend the event. Both events brought in several new users to Villoux with a combined total of around ten new users. Promoting the events in-game and on my Twitch stream seems to be a very good way to bring the events to the user's attention, but I also hope to work with the System Press Department on posting the dates for the runs on Realm of the Mad God forums. The first run was 20 Ocean Trenches and the second run was 14 Ocean Trenches, 4 Puppet Encores, and 1 Candy Land. Notable highlights from the runs were a user getting a white bag with a coral-bow and a coral-trap, and me receiving a mystery Halloween skin. In January, I plan on hosting two more official runs per month and hope to copy the previous runs' success. I have also been working with the right honorable Villoux Chief of Staff, Dr. Baskerville and his Executive Assistant, Mr. Spazproof on developing a new concept for our Realm of the Mad God Dungeon Masters. Beginning in January, the position will be repurposed to better fit the needs of Discord users. In the past, the position existed on Villoux's TeamSpeak server to simply change the channel password of our dungeon running channels, allowing users a private place to run their dungeons. Since the demand for such a channel is not as large on Discord, we have decided to add some additional responsibilities to our Dungeon Masters. By next year, each Dungeon Running Master will not only be responsible for opening the dungeon running channels for users that wish to use them, but will also be responsible for regularly hosting key-opening events. More information on this change will be provided at the first House of Players meeting next year. A brief note about our private Realm of the Mad God server – Villoux's Realm: the former Realm of the Mad God Department Chairman, Mr. Silent has agreed to code a new client source file for the server, which was the missing link keeping the server offline. The code should be completed in January, and information about the relaunch of Villoux's Realm will also be provided at that House of Players meeting. Though December will be a quiet month for my department, we are still accepting guild applications and will still be gaming throughout the month. I encourage all members of the House to join anyone they see in the public Realm of the Mad God channels and have happy holidays!

Transition: We will now open the floor to any questions, comments, or concerns in regard to the Realm of the Mad God. If you have a question, comment, or concern, please send me a private message with question, comment, or concern, respectively.

Seeing as there appear to be no further questions, comments, or concerns in regard the Realm of the Mad God Department, we will now move to the system's third largest department, the Counter Strike Department. Presenting the Counter Strike Department Update is the Counter Strike Department Chairman, Mr. Dragonride.

Counter Strike Update as Read by Dragonride

Howdy, House of Players! I am going to be providing a very brief department update this fine evening. My department hosted our 3rd North American Counter Strike tournament a few weeks ago with six users in attendance. This was my first time to host a Counter Strike tournament and the first time we've hosted a Counter Strike tournament in over a year, so it was very much a learning experience for me and those involved. The League of Legends Tournament Director, Mr. Gator Grease was named the champion of the tournament and was awarded a champion gift package, which had a skin and a sticker in it. I would like to express thanks to the members of the House that participated in the tournament and hope to see them at the next one in January. Also in January, we will have more information about a clearer vision for our Counter Strike Surfing Server. I look forward to reporting to you all then and wish you a merry Christmas!

Transition: We will now open the floor to any questions, comments, or concerns per regards the Counter Strike Department. If you have a question, comment, or concern, please send me a private message with question, comment, or concern, respectively.

Seeing as there appear to be no further questions, comments, or concerns per regards the development of sections, we will end the department updates portion of this evening's meeting and move to the closing ceremonies.

Closing Ceremonies as Read by Dr. Baskerville

Good evening, Villoux House of Players. As we conclude our meeting this evening, I would like to welcome the newest members of the Villoux Grand Council – Mr. Makkapacca5, who will begin serving as our Executive TeamSpeak Operator and Mr. Suffy, who will begin serving as our Executive System Press Officer. I would like to wish a very heartfelt thanks to the outgoing Executive TeamSpeak Operator, Sen. Ace and the outgoing Executive System Coder, Sen. Jibram for their years of service to the Council. Speaking of well-wishes, I would like to thank and announce this month's Friend of Villoux. As you know, the Friend of Villoux award is a monthly award given to a member of Villoux's staff that has gone above and beyond in their respective field. It gives me great pleasure to announce that this month's Friend of Villoux is the Baskerville Advisor, Mr. Nexe. Mr. Nexe has been instrumental in providing valid criticisms to Villoux's Discord server and helping us find ways to improve it. I thank him for his service to my Cabinet, his advice to the Discord Operation Department, and, indeed, his service to Villoux as a whole. This leads me to take this opportunity to thank you – the hard-working members of Villoux's staff that make Villoux a system in which "excellence is your only option".

At this time, I will open the floor to any general questions, comments, or concerns. If you have a question, comment, or concern that did not fit into any of our previous sessions, please feel free to send me a private message with "question", "comment", or "concern", respectively.

As a final reminder, the month of December is Villoux's month of rest meaning that no official events will occur during the month. There will not be any dungeon runs, tournaments, or meetings until January. Our meeting schedule for 2018 will be posted in the #villoux_announcements once it is determined and all regular events will resume then. With that in mind and in heart, I, the Right Honorable Villoux Chief of Staff, Dr. Baskerville do hereby adjourn this 65th meeting of the Villoux House of Players. Please return to your appropriate channels once you have been unmuted.
