## *System Census Results by Dr. Baskerville*

Good evening, my fellow Villouxians. As I am sure you are all aware, every three months the system holds a system census to survey elements such as the number of users in the system, how diverse the system is in regard to nationalities, and which departments are bringing in the largest amounts of user. The requirements for a user to be defined in the system census, as outlined by the System Census Ordinance in the Villoux Bill of Ordinances, are as follows: “In order for a user to be counted in a department, the user must have been active in Villoux for at least one month prior to the census, must use the Villoux TeamSpeak or Discord server regularly, and must not be issued a hiatus or be inactive in the system for excess one month. If a user violates any of the above stated, he/she is ineligible to be counted in the system census.” Now that you have a better understanding of the census, I shall proceed with this month’s results.

The month of May’s results reflected the hard work hat our staff has been doing to continue to grow our beloved system. At the time of our last census in January of this year, we had a total of 284 active users. This month, the system has a total of 317 active users, a 30-user increase! This notable increase is due in large part to the hard work of our System Press Department who has been very diligent in advertising events hosted by the gaming departments. The System Press Department’s Radio Villoux division has also resumed weekly Radio Villoux events, which has helped foster a greater since of community throughout Villoux.

Specific to each department, the Realm of the Mad God Department remains the system’s largest department with a total of 119 active users, over a ten-user increase from January. The League of Legends Department remains the system’s second largest department, trailing just behind the Realm of the Mad God Department with a total of 107 active users, a five-user increase from January. The Counter Strike Department remains the system’s third largest and therefore smallest department with a total of 35 active users, a five-user decrease from January’s 40 users. There are a total of 56 active users categorized as “non-defined”, meaning that they belong to no gaming department. This number is up 18-users from January. Percentage wise, the Realm of the Mad God Department provides Villoux with 38% of total user base, the League of Legends Department provides 34%, the Counter Strike Department provides 11%, and 17% of users are non-defined.

The system has a total of 317 users from a total of 44 different countries around the globe, including every inhabitable continent on Earth. I would like to take this time to recognize those countries by stating their name and the percentage of Villoux that they represent: the United States of America – 52%; the Commonwealth of Australia – 6%; the Republic of Portugal and the State of Canada – 5%, respectively; the United Kingdom of Great Britain and Northern Ireland and the Republic of Germany – 4%, respectively; the Republic of Estonia – 3%; the Federative Republic of Brazil and the Kingdom of Sweden – 2%, respectively; the Republic of Hungary, the Kingdom of Belgium, the Kingdom of Denmark, and the Republic of Finland – 1%, respectively; the Republic of Austria, the Republic of Bosnia and Herzegovina, the Republic of Croatia, the Republic of France, the Republic of Latvia, the Republic of Lithuania, the Republic of the Philippines, the Republic of Poland, and the Republic of Serbia – 0.6%, respectively; and, finally, the Argentine Republic, the Republic of Ukraine, the Republic of India, the Republic of Indonesia,

the Republic of Ireland, the Republic of Italy, the Republic of Montenegro, the Kingdom of Norway, the Republic of Romania, the Kingdom of Saudi Arabia, the Republic of Korea, the Swiss Federation, the United Arab Emirates, the Dominican Republic, the State of Israel, the United Mexican States, the Kingdom of the Netherlands, and the Republic of Trinidad and Tobago – 0.3%, respectively.

Before concluding the census results, I would be amiss if I did not thank those members of the House that provided major assistance in recording this month's census, especially the Counter Strike Tournament Director, Mr. FORUM; the Realm of the Mad God Guild Master, Mr. CiberTZ; the Baskerville Advisor, Sen. Crepim; the Executive System Coder, Mr. Silent; and the Executive TeamSpeak Operator, Mr. Makkapacca5.

**Transition: We will now move to the Department Updates portion of tonight's meeting. Whereas we would normally begin with the largest department, the Realm of the Mad God Department, we will be abstaining from that department's update since it is currently without a Department Chairman. Instead, we will now move to the second largest department, the League of Legends Department. Due to his work schedule, the League of Legends Department Chairman, Mr. Suffy was unable to attend this evening's meeting, so I will be presenting his department's update on his behalf.**

## *League of Legends Update by Suffy*

Villoux House of Players! My name is Suffy, and I am thrilled to be joining you as the League of Legends Department Chairman. I previously served on the Grand Council as the Executive System Press Officer from November 2017 – April 2018, but my passion has always been for League of Legends. I actually got to serve as the acting League of Legends Department Chairman in October 2017 and was able to successfully host my first North American tournament. Enough about me, though. I would like to give a big thanks to the outgoing League of Legends Department Chairman, Mr. ChewOnDiss for hosting several fun North American League of Legends tournaments. I have learned from his expertise in hosting tournaments and hope to implement that success in my own tournaments.

Going forward, my main goal will be continuing to host successful North American tournaments. With my previous experience in the position and Villoux's growing Discord presence, I am certain that will not be an issue. Aside from that, I will also be furthering Mr. Chew's work on procuring team channels for our Discord server, which is another pivotal part of my department. As part of this goal, I will frequently be inviting users to join me for League of Legends matches via invitations in the #league\_of\_legends channel on Discord. I would love to start to get to know all members of our League of Legends department, especially the members of the House. If you are ever looking for tips, build guides, or rune and mastery help, please do not hesitate to contact me. With that being said, I would again like to thank the Grand Council for presenting me the opportunity to serve this position and look very forward to the future of Villoux's League of Legends Department!

**Transition: We will now open the floor to any questions, comments, or concerns in regard to the League of Legends Department. If you have a question, comment, or concern, please send me a private message with question, comment, or concern, respectively.**

**Transition: Seeing as there appear to be no further questions, comments, or concerns in regard to the League of Legends Department, we will now move to the system's smallest department, the Counter Strike Department. Presenting the Counter Strike Department Update is the Counter Strike Department Chairman, Mr. Dragonride.**

## *Counter Strike Update by Dragonride*

How's it going, House of Players? I'm your Counter Strike Department Chairman, Dragonride, and I'm here to update you about the happenings in my department. Due to a mixture of my own and Dr. Baskerville's busy schedules, we were unable to host a North American tournament last month, but I do have plans to rectify that next month. For our Counter Strike tournament in June, we will be offering a special prize to help incentivize users to participate in the tournament. The prize is yet to be determined, but I am taking recommendations from users in my department for what they would like that prize to be, and I would also welcome any members of the House with recommendations to send those to me as well. Once registration for the tournament is open, I will post a message in #villoux\_announcements, so please watch that text channel for future information concerning June's tournament.

My department is also looking for a user that would be interested in serving as the Server Head of Villoux's Surfing Server. This is a project that the late Baskerville Advisor, Mr. Nexa was working on with me and his untimely passing has left me without a partner in the search for a Server Head, so I would like to open that position up to members of the House. If you would be interested in learning more about what we are looking for in a user to run our Counter Strike server, please send me a private message after tonight's meeting. With that being said, I would again like to encourage each of you to consider registering for our Counter Strike tournament next month and hereby conclude my department update. Thanks!

**Transition: Thank you, Mr. Dragonride. We will now open the floor to any questions, comments, or concerns in regard to the Counter Strike Department. If you have a question, comment, or concern, please send me a private message with question, comment, or concern, respectively.**

**Transition: Seeing as there appear to be no further questions, comments, or concerns per regards the Counter Strike Department, we will end the department updates portion of this evening's meeting and move to the Staff Announcements. Presenting the Radio Villoux Announcement is the Radio Villoux DJ Manager, Mr. Cheezcake117.**

## *Radio Villoux Announcement by Cheezcake117*

Hello, House of Players. My name is Cheez and I serve as the Radio Villoux DJ Manager. As some of you may have noticed, Radio Villoux's Friday night events are back to being regularly scheduled for each Friday night from 8:00 PM – 12:00 AM US CST. For the past two weeks, we have had a good number of users attend our events to listen to music, and we've also managed to convince a few users to karaoke, including the right honorable Villoux Chief of Staff, Dr. Baskerville himself. For that reason alone, Radio Villoux is always the place to be for Friday night gaming!

Radio Villoux is also in need of some additional Radio Villoux DJs to assist in hosting these Friday night events. If you are aware of anyone that has a passion for music and Villoux, please send me their username so that I can contact them to see if they may be interested in joining our staff.

I sincerely hope that all of you will join us as we host our next event this upcoming Friday for a night of fun, karaoke, and community! Thank you for your time.

**Transition: Thank you, Mr. Cheezcake117. Presenting the Misc. Gaming Announcements are the Misc. Gaming Section Manager, Mr. Hyena.**

# *PlayerUnknown's Battlegrounds Announcement*

*by Mister Hyena*

What's up, Villoux? I am the Misc. Gaming Section Manager, Mister Hyena. I would like to take a few moments this evening to discuss with you all what my division is currently working on in terms of bringing new games to Villoux. I myself am serving as the section leader for PlayerUnknown's Battlegrounds, a battle royale game that pits players in massive arenas to fight for survival with up to 100 other users. Given the current trend in popularity with battle royales, I think now is the perfect time for Villoux to begin exploring involving ourselves with this style of game. PUBg is one of my own personal favorites, and I am aware that several others in Villoux play the game as well. In fact, it won a poll posted in #villoux\_announcements asking users what game they would most like to see in the system. I am still in talks with the right honorable Villoux Chief of Staff, Dr. Baskerville about the logistics of how a PUBg department would work in Villoux since Villoux requires its departments to either host servers, guilds, or tournaments, and I am very open to any guidance from members of the House on this subject. In the meantime, please mention to any of your friends that you know play PUBg that Villoux would be an excellent community for them to look into!

Another trending battle royale is Fortnite. At this time, I would like to yield to the Executive System Art Designer, the honorable Mr. Cronus, who is serving as the section leader of Fortnite.

## *Fortnite Announcement by Cronus*

Good evening, Villoux. As I hope you all know, my name is Cronus and I serve as the Executive System Art Designer. I would like to take time tonight to announce that I will be launching a Fortnite section in the Misc. Gaming section with hopes of it becoming Villoux's newest gaming department. To achieve this, I will need the interest of at least ten users that are already in Villoux as well be able to bring in ten new users that have never used Villoux before. Since this game is massively popular and I know that several members of the House themselves play it, I would like to open myself up to working with anyone that may be interested in making this section become a department. I have established the Fortnite Development Board, which will work in conjunction with me as section leader to help facilitate and sustain the necessary growth for the section to apply to become a department. Mostly, I will need assistance in keeping voice channels active and bringing new users to Villoux for Fortnite. The Discord Operation Department has agreed to allow private voice channels for groups of four users that are playing together to help encourage users to join us. So, whether you are just looking for someone to casually play with, or you are willing to help me build this section, please do send me a private message on Discord.

## *Misc. Gaming Announcement by Mister Hyena*

Thank you, Mr. Cronus. With that being said, Mr. Cronus and I would welcome any questions from you concerning the sections on which we are currently working or recommendations for other sections you may like to see in Villoux.

**Transition: Thank you, Mr. Hyena. We will now open the floor to any questions, comments, or concerns in regard to the Misc. Gaming section. If you have a question, comment, or concern, please send me a private message with question, comment, or concern, respectively.**

**Transition: Seeing as there appear to be no further questions, comments, or concerns per regards the Misc. Gaming section, we will end the Staff Announcements portion of this evening's meeting and move to the Closing Ceremonies.**

*Closing Ceremonies as Read by Dr. Baskerville*

Good evening, my Villouxians. As our meeting comes to a close this evening, I would like to highlight a few notes made during the speech presentations. Firstly, I would like to again thank the diligent work of the System Press Department, especially Radio Villoux, for their endless work on making Villoux a success. I would also like to highly commend the Misc. Gaming Section Manager, Mr. Hyena for working on the establishment of two new sections. Speaking of hard-working members of the system, I would like to thank and announce this month's Friend of Villoux. As you know, the Friend of Villoux award is a monthly award given to a member of Villoux's staff that has gone above and beyond in their respective field. It gives me great pleasure to announce that this month's Friend of Villoux is the Radio Villoux DJ Manager, Mr. Cheezcake117. As the Radio Villoux DJ Manager, Mr. Cheezcake has been working very hard on restoring the Friday night Radio Villoux events, and as the acting Executive System Press Officer myself, I am extremely grateful for his assistance in managing the Radio Villoux section. Mr. Cheez's Radio Villoux events have been something that everyone in Villoux can enjoy. This leads me to take this opportunity to thank you – the hard-working members of Villoux's staff that make Villoux a system in which "excellence is your only option".

At this time, I will open the floor to any general questions, comments, or concerns. If you have a question, comment, or concern that did not fit into any of our previous sessions, please feel free to send me a private message with "question", "comment", or "concern", respectively.

With that in mind and in heart, I, the Right Honorable Villoux Chief of Staff, Dr. Baskerville do hereby adjourn this 70<sup>th</sup> meeting of the Villoux House of Players. Please return to your appropriate channels once you have been unmuted.
