

Villoux

House of Players Proceedings

Order, order! I, the Right Honorable Villoux Chief of Staff Dr. Baskerville, do hereby call to order this 73rd meeting of the Villoux House of Players on this 25th day of August in the year of 2018. Topics of conversation for this meeting will be: Department Updates and Closing Ceremonies. At this time, all text channels will be closed. If you type into a text channel at any time, you will be moved out of the voice channel, and will be marked absent from this meeting.

Baskerville Cabinet

Baskerville Advisors –

-  Steve
-  Madison
-  Crepim
-  Kiitycat
-  Afecter
-  SoulSniper214
-  Qmen
-  SoulSniper214
-  Jibram
-  DeaFikka
-  ChewOnDiss

Baskerville Assistants –

-  Axew6000
-  KingKazma
-  FluxR
-  PRPLROTMG
-  VClip

Baskerville Assistant Manager –

Baskerville Advisor Manager –

-  Spazproof

Executive Baskerville Assistant –

 Shortylyons

Transition: We will open today's meeting with the department updates. Presenting the department update on behalf of our largest department, the Realm of the Mad God Department, is the Realm of the Mad God Department Chairman, Mr. Fulfi.

Realm of the Mad God Update by Fulfi

Good day, members of the House of Players. I would like to start off by saying we have hosted three dungeon runs this month, one nearly every week. These dungeon runs have been quite successful thanks to the support from our Villoux community. Firstly, I would like to thank the Baskerville Advisor, Mr. Qmen for donating so many keys for us to host these dungeon runs with. Mr. Qmen has been very, very generous in donating so much to Villoux, and, without him, these runs would not have been possible. I'd also like to thank the Executive System Press Officer, Mr. Crazycat and his System Press Officers for advertising the events on various forums. Their advertising work brought in a number of new users to the Villoux Discord Server to join us for the run. Those users have chosen to stay in Villoux and are looking forward to attending future runs. Moving forward, with help from Mr. Qmen and with hopes of hiring more Realm of the Mad God Dungeon Masters, I plan on hosting at least three events again in the next month. Dates and information about the events are published in #villoux_announcements and #realm_of_the_mad_god, so ensure you have those channels unmuted and watch them frequently.

That's enough talk about dungeons for now. Let's talk about guilds. As I reported last month, there were a total zero guilds in Villoux and I am sad to say this is still the case. As I continue to try to come up with ideas to recruit guilds to our Discord server, I have decided to take action in ensuring that we have at least one guild in Villoux. I mentioned last month that I would be forming a Villoux guild if I was unable to recruit any other guilds to join the system, so now is the time to act on that promise. Within the next week, I will have a Villoux-sponsored guild online and begin recruiting users to join it. The guild will start out being based solely out of Villoux users, but it is my hope to expand that to non-Villoux users as quickly as possible. Since this is a guild for Villoux, I would be very open to hearing your ideas as to what the guild should be named. We could do something as simple as the "Villoux Guild", or we could come up with a clever pun or something. In order to get this guild off the ground, I will need support from both within my own department as well as from others in Villoux. I would like to humbly request that all members of the House that play Realm join this Villoux guild and help us get it started. Once we're off our feet, you're free to return to your normal guilds, but I would greatly appreciate the starting help. Alternatively, if you have never played Realm before or haven't played it in a very long time, this guild will ensure that you are well-equipped to play in the game and teach you everything you need to know. Just last dungeon run, the Baskerville Assistant, King Kazma had no gear so members of the department came together to give him everything he needed to succeed in the run. Friendly users like that are all over our Realm Department, so please do consider joining us in this Villoux guild.

Finally, I'll talk just briefly about our private Realm of the Mad God server, Villoux's Realm. Last month, I mentioned that I would be trying to convince our Executive System Coder, Mr. Silent to resume working on restoring the server so that it might come back online but was unable to speak with him because he was on hiatus for a vacation. His hiatus expired in mid-

August, but since then he still hasn't responded to my request for assistance. I will continue my efforts in trying to contact him into next month but warn that I may seek to take action against him on the Grand Council if he continues to ignore me. With all of that being said, I would like to welcome the House to give any questions, comments, or concerns, especially relating to ideas for the dungeon runs, the name of our Villoux guild, or ideas for how to grow the guild. Thank you.

Transition: We will now open the floor to any questions, comments, or concerns in regard to the Realm of the Mad God Department. If you have a question, comment, or concern, please send me a private message with question, comment, or concern, respectively.

Transition: Seeing as there appear to be no further questions, comments, or concerns in regard to the Realm of the Mad God Department, we will now move to the system's second largest department, the League of Legends Department. I will be presenting the League of Legends department update on behalf of the League of Legends Department Chairman, Mister Hyena.

League of Legends Update by Dr. Baskerville

Though Mister Hyena was unable to join us today due to work-related issues, he did request I present this short update to the House. This month, he hosted our 35th North American League of Legends tournament. The winner of the tournament was Mr. LeftyRaydy, who happened to be a new Villoux users. Mr. Raydy found Villoux's Discord Server via a forum post about the tournament posted by the Executive System Press Officer, Mr. Crazycat. Thanks to Mr. Crazycat and his System Press Officers, Mr. Raydy was not alone in joining our Discord server for the tournament. Mister Hyena wishes to convey his thanks to Mr. Crazycat and his staff for doing a swell job at recruiting users to Villoux, especially for his tournament. Finally, Mister Hyena invites all members of the House with a League of Legends account above level 30 on the NA server to register for the next North American tournament. Dates and information about the next tournament will be posted in #villoux_announcements, so please keep watch on that text channel.

Transition: We will now open the floor to any questions, comments, or concerns in regard to the League of Legends Department. If you have a question, comment, or concern, please send me a private message with question, comment, or concern, respectively.

Transition: Seeing as there appear to be no further questions, comments, or concerns in regard to the League of Legends Department, we will now move to the system's newest department, the Minecraft Department. Presenting the Minecraft department update is the Minecraft Department Chairman, M. Sullivan.

Minecraft Update by Sullivan

Bon après-midi, Villoux House of Players. For those of you unfamiliar, my name is Sullivan and I have recently been elected to serve as the new Minecraft Department's Department Chairman. May I start by thanking this House of Players for convincing the Villoux Grand Council to re-establish a Minecraft Department. It was the vote that was held last month that showed the Grand Council how much interest there still is in Minecraft from Villoux, and I am very grateful for that interest. A bit about me, I have been a member of Villoux since 2010, making me one of the oldest Villoux users. I have previously served as Executive Baskerville Assistant, Executive System Coder, and as a Minecraft Server Head for various servers in our former Minecraft Department. I have had a very deep passion for administration, building, and coding, so running Minecraft servers seems to come naturally to me.

With that in mind, I'd like to talk a bit about what we are planning to do with Minecraft in Villoux. To help me in making plans for the future of the department and to decide what directions we are going to be taking, I have established a Minecraft Development Board. Several members of the House serve on the Board, and I'd like to thank them for their service. This board has been one of the driving factors to ensure that the department is meeting both my personal standards as well as that of the Villoux community. The MDB hosted a vote late last month that asked Villoux users about what kind of server they were most interested in having in the system. The clear winner was a community survival server, and I am glad to say that our department is working towards that very goal now. The first server we plan on launching will be a community towny server that relies on survival elements. The details of the server are still being worked out by the MDB, but we will have more announcements to make at next month's House meeting. We are also frequently posting updates in #minecraft, which is now under the new Minecraft category. I will be working with the Executive Discord Operator, Mr. IronRain in getting the category better set-up over the course of the coming days.

That being said, I really only wanted this first presentation to be just a taste of what we are working towards but will entertain any questions you might have about the Minecraft Department, though I will say the best way to be involved is to join the Minecraft Development Board. We meet weekly on Sunday evenings at 7:00 PM CST and the meetings are open to any members of staff that wish to attend them. Merci for your time and I'll look forward to reporting back more next month.

Transition: We will now open the floor to any questions, comments, or concerns in regard to the Minecraft Department. If you have a question, comment, or concern, please send me a private message with question, comment, or concern, respectively.

Transition: Seeing as there appear to be no further questions, comments, or concerns in regard to the Minecraft Department, we will now conclude the department updates portion of today's meeting and move to the Closing Ceremonies.

Closing Ceremonies as Read by Dr. Baskerville

Good day, my fellow Villouxians. Allow me to take this as an opportunity to announce to you all that the Grand Council has voted to disband Villoux's Fortnite Department. After the former Fortnite Department Chairman, Mr. Earl554's lackluster performance, it became obvious to the Council that the department could not continue under his leadership. Rather than attempting to find a new Department Chairman, the Council instead decided to devote resources that were being used for Fortnite to be used by our new Minecraft Department. The Council feels very strongly that moving towards server-based rather than tournament-based departments is within the best interest of the system, and this is the first step the Grand Council will take in continuing those sentiments. The former Fortnite Department staff have either been reassigned to their previous positions or have been removed from all staff altogether, though the Grand Council does wish to thank them for their efforts in making Fortnite work in Villoux.

Speaking of hard-working members of the system, I would like to thank and announce this month's Friend of Villoux. As you know, the Friend of Villoux award is a monthly award given to a member of Villoux's staff that has gone above and beyond in their respective field. It gives me great pleasure to announce that this month's Friend of Villoux is the Baskerville Advisor, Mr. Qmen. Mr. Qmen embodies perfectly what is meant by "Friend of Villoux" for though he is a Baskerville Advisor, he has spent much of his time this month working with the Realm of the Mad God Department Chairman, Mr. Fulfi on hosting dungeon runs in his department. Mr. Qmen has truly gone above and beyond in not only his capacity as one of my Advisors but also in assisting Mr. Fulfi. Mr. Qmen is yet another example of the excellence that runs throughout all of our staff, which leads me to take this opportunity to thank you – the hard-working members of Villoux's staff that make Villoux a system in which "excellence is your only option".

At this time, I will open the floor to any general questions, comments, or concerns. If you have a question, comment, or concern that did not fit into any of our previous sessions, please feel free to send me a private message with "question", "comment", or "concern", respectively.

With that in mind and in heart, I, the Right Honorable Villoux Chief of Staff, Dr. Baskerville do hereby adjourn this 73rd meeting of the Villoux House of Players. Please return to your appropriate channels once you have been unmuted.
