

Villoux

House of Players Proceedings

Order, order! I, the Right Honorable Villoux Chief of Staff Dr. Baskerville, do hereby call to order this 78th meeting of the Villoux House of Players on this 30th day of March in the year of 2019. Topics of conversation for this meeting will be: department updates, staff announcements, and closing ceremonies. At this time, all text channels will be closed. If you type into a text channel at any time, you will be moved out of the voice channel, and will be marked absent from this meeting. I would like to further remind all members of the House to mute their microphones. Any voice activity coming from a member's microphone not recognized by the House to speak will result in you being moved out of the channel and being marked as absent from the meeting.

Transition: We will begin with the department updates portion of tonight's meeting beginning with the system's largest department, the Realm of the Mad God Department.

Realm of the Mad God Update as Read by Dr. Baskerville

I will be personally delivering the Realm of the Mad God Department update this month as the Realm of the Mad God Department Chairman, Mr. Fulfi has been granted a hiatus until the end of April. When Mr. Fulfi's hiatus was approved, it was my original intention to select an acting Realm of the Mad God Department Chairman in his absence. This person would oversee the day-to-day administration of the department alongside the Realm of the Mad God Guild Master of the Villoux Guild and coordinate our weekly dungeon runs, though the acting Chairman would not take Mr. Fulfi's place on the Grand Council and would no longer be recognized once Mr. Fulfi returns to the system.

I find my initial plan more and more challenging to implement for a variety of reasons. At first, there was a list of several candidates I had in mind to fulfill the responsibilities of the chairmanship, but they declined the position one-by-one for various reasons. One such user was the former Guild Master of the Villoux Guild, Dr. Loli. In speaking with Dr. Loli I discovered he is no longer active in-game and as such as been failing to maintain his responsibilities as Guild Master, resulting in his resignation. Since Mr. Fulfi also currently serves as the Guild Master of the Villoux Elite Guild, I decided it would be too challenging for an acting Department Chairman to manage both guilds as well as coordinating dungeon runs.

Taking on the responsibilities of the chairmanship myself allows me to focus first and foremost on finding a new Guild Master of the Villoux Guild that will bring the guild back to Villoux standards. Specifically, it seems several of the members of the Villoux Guild are either inactive in-game or are not on Villoux's Discord Server, both of which are basic requirements for membership. Once a new Guild Master is named and we begin to purge the ineligible members, I believe the guild will have more than enough room to accommodate for as many Villouxians as are interested in joining the guild making the Villoux Elite Guild rather obsolete for the time being.

One of the principal reasons behind forming the Villoux Elite Guild was to ensure Villouxians were not denied entry to a system-sponsored guild because of the game's guild membership cap of fifty. A secondary reason the Villoux Elite Guild was formed was to ensure the higher ranked Villouxians did not feel as if the system did not accommodate a guild capable of their maintaining their playstyle. Though I still wish for the system to offer an elite guild, I believe our resources are currently best served in filling the Villoux Guild's membership and will therefore wait until Mr. Fulfi's return before working on reforming the Villoux Elite Guild.

The most notable success in the department this month is the hiring of the Realm of the Mad God Dungeon Master, M. ZukoTa. Once a Guild Master of the Villoux Guild has been announced, M. ZukoTa will work with the Guild Master to resume the weekly dungeon runs; however, runs will be postponed until a new Guild Master is named.

Several users have made requests for Villoux to re-open the possibility of sponsoring a private Realm of the Mad God server similar to our previous private server, Villoux's Realm. With all of the transitions currently underway within the department, I am afraid this is simply not a feasible goal at the current time. Once the Villoux guilds have been reformed, dungeon runs are back on schedule, and Mr. Fulfi has returned from his hiatus, I am not opposed to exploring this possibility, though I believe attempting to address it beforehand would be overwhelming for the department.

I will conclude this month's Realm of the Mad God Department update by thanking our Realm of the Mad God Department for its patience as we resolve these administrative changes and encouraging any member of the House interested in leading the Villoux Guild to contact me after today's meeting for more information. I shall now try my best to provide answers to any of your questions, comments, or concerns.

Transition: We will now open the floor to any questions, comments, or concerns in regard to the Realm of the Mad God Department. If you have a question, comment, or concern, please send me a private message with "question", "comment", or "concern", respectively.

Transition: Seeing as there appear to be no further questions, comments, or concerns in regard to the Realm of the Mad God Department, we will now move to the system's second largest department, the League of Legends Department. Presenting the League of Legends Department update is the League of Legends Department Chairman, Mr. Danthemansr.

League of Legends Update as Read by Danthemansr

Hey, everybody! My name is Danthemansr and I am psyched to be joining you as your new League of Legends Department Chairman. Though I am new to this position, I should be familiar to many of you as an active Villouxian for several years and as the Executive Discord Operator for a few months prior to my reassignment to League of Legends Department Chairman. I am not the only new addition to the department's staff this month and would like to take a moment to recognize the users who have been hired as League of Legends Tournament Directors this month – Mr. MosheTDD and Mr. EG Coli for Europe Nordic & East tournaments; and Mr. CrayGirlForever, Mr. HeavyStryker, Mr. Neko Destroyer, and Mr. BrentMar12345 for North American tournaments. I am super excited to start working with each of these new Tournament Directors as we begin to improve the quality of our League of Legends tournaments.

On the topic of tournaments, we hosted a very successful 41st North American League of Legends tournament this month. It was one of the largest tournaments in recent memory with twenty different participants. The winner of the tournament was the Executive System Coder, the honorable Sr. Jibram and boy was he worthy of that title. Sr. Jibram is a stellar support and was instrumental in each of his team's victories. I would like to thank my North American Tournament Directors that assisted in preparing for this month's tournament, Mr. Blustix1, Mr.

CrayGirlForever, Mr. Neko Destroyer, and Mr. BrentMar12345. I would also like to thank the Executive Baskerville Assistant, Ms. Peekatchu for her assistance in getting users registered. Finally, I would like to thank each member of the House that participated in the tournament: the League of Legends Tournament Directors Mr. Neko Destroyer, Mr. BrentMar12345, Mr. CrayGirlForever, and Mr. Blustix1; the Baskerville Assistant, Mr. Earl554; the Executive System Coder, Sr. Jibram; the Executive Baskerville Assistant, Ms. Peekatchu; the Realm of the Mad God Department Chairman, Mr. Fulfi; and the right honorable Villoux Chief of Staff, Dr. Baskerville

With the hiring of Mr. MosheTDD and Mr. EG Coli, we now have a total of four League of Legends Tournament Directors for the Europe Nordic & East region, which I believe is enough to begin working on hosting a tournament in that region. I will interview Mr. MosheTDD, Mr. EG Coli, and the other two League of Legends Tournament Directors in the region, Mr. Dollyy and Mr. XxDaniPRO to see which of them would be best to serve as the Tournament Master for the region and once I select one, he and I will begin working on preparations for a tournament.

Tournaments for the Europe West server are still a bit away as we currently only have two League of Legends Tournament Directors in that region and the League of Legend Tournament Master for EU West, Mr. ADC Is Dead has not responded to my requests for a meeting. I may need to hire a new Tournament Master for the region and hopefully that person can help us increase the number of the Tournament Directors to be enough to resume EU West tournaments before too long.

Sadly, the Latin American North tournaments are not in as good of a position. My predecessor as League of Legends Department Chairman, Ms. SimplyAshella gave the Tournament Master of LAN, Sr. SaltyBae one month to hire new Tournament Directors for his region or make other notable moves towards hosting a tournament. I have not heard from Sr. SaltyBae since I began serving as acting Department Chairman, so I do not believe he has been able to achieve anything for his region and I believe I am going to support Ms. Ashella's recommendation for our department to sponsor LAN tournaments, especially since Villoux's LAN population is so small. I am going to give Sr. SaltyBae another week or so to make improvements, but I will plan on removing our sponsorship of the region if he fails to do so.

Finally, with all of the happenings and changes in the other regions, hosting tournaments for our final Villoux sponsored region, Oceania, is just not on my radar right now. If I had some support from our Oceanic Villouxians, I would totally be willing to change that position, but until then, we'll just put Oceania on hold. That concludes my department update and I welcome everyone to make questions, comments, or concerns.

Transition: We will now open the floor to any questions, comments, or concerns in regard to the League of Legends Department. If you have a question, comment, or concern, please send me a private message with "question", "comment", or "concern", respectively.

Transition: Seeing as there appear to be no further questions, comments, or concerns in regard to the League of Legends Department, we will now move to the system's

third largest department, the Osu! Department. Presenting the Osu! Department update is the Executive Baskerville Assistant, Ms. Peekatchu.

Osu! Update as Read by Peekatchu

Good day, Villoux House of Players. Unfortunately, the Osu! Department Chairman, Mr. DuXaaa became unavailable at the last minute, so I will be presenting the speech he wrote on his behalf. As you are all aware, we have been hosting Villoux's 2nd Osu! tournament this month, and the finals matches are still underway. Either Mr. ChasoZeroDelta or Mr. L0rd_h311x will emerge as the tournament's champion since they are competing in Group B, the higher ranked group. To avoid confusion in future tournaments, we are going to be merging Group A and Group B so that we just have one, singular Osu! tournament rather than having technically two tournaments – one lower tiered and one higher tiered. Mr. DuXaaa would like to take this time to thank his Osu! tournament staff for organizing and referring our tournament and give special thanks to the Osu! Map Master, Mr. Lefafel for selecting the matches and the Osu! Tournament Master, Mr. Izzy Mizzy for coordinating referees for the matches. Mr. DuXaaa would also like to thank all the members of the House that participated in this month's tournament – the Osu! Tournament Directors, Mr. Tigerseye144 and Mr. Diempyl; the Osu! Badge Manager, Mr. Xilent; and the Osu! Tournament Master, Mr. Izzy Mizzy.

Another change is going to be made to the frequency of the tournament. Rather than hosting one Osu! a month, we are going to be hosting one Osu! tournament every other month. This change allows our Osu! Map Poolers more time to review and set the best maps for the tournament and allows the System Press Department more time to advertise the tournament on the Osu! forums. The Osu! Tournament Direction staff found it to be too difficult to constantly be on-call to referee matches, so this change will also lighten their time commitment for their position. This means our next Osu! tournament will begin at the start of May rather than the start of April.

By delaying the tournament to once every other month, we also allow our new Osu! Badge Artists proper time to create a community profile badge for the champion of our tournament to use on the official Osu! forums. Mr. DuXaaa would like to thank the Osu! Tournament Director, Mr. Tigerseye144 for proposing this idea at the last House of Players meeting and thank our System Art Design Department for agreeing to incorporate Osu! Badge Artists into their staff. We have already hired an Osu! Badge Manager, Mr. Xilent, who will be working on creating a badge for the champion of our 3rd monthly Osu! tournament in May. Mr. Tigerseye's recommendation of creating a badge for the champion of our tournament and our ability to follow-up on his recommendation to make it a reality is a perfect example of why these House of Players meetings are so valuable to myself and the other system officials. Thank you all so much for your time today, and Mr. DuXaaa hopes to see many of you participating in May's tournament!

Transition: We will now open the floor to any questions, comments, or concerns in regard to the Osu! Department. If you have a question, comment, or concern, please send me a private message with "question", "comment", or "concern", respectively.

Transition: Seeing as there appear to be no further questions, comments, or concerns in regard to the Osu! Department, we will now move to the system's fourth largest department, the Team Fortress 2 Department. Presenting the Team Fortress 2 Department update is the Team Fortress 2 Server Head, Mr. Priest of the Ogreslord.

Team Fortress 2 Update as Read by Priest of the Ogreslord

Hello, Villoux House of Players. I am pleased to present the Team Fortress 2 Department update on behalf of our Team Fortress 2 Department Chairman, Ms. Angelberry since she could not be here this afternoon due to other work commitments. Ms. Angelberry asked me to report that Villoux's Team Fortress 2 server, the Orange Low-Gravity Crit. Server, has not been experiencing the amount of traffic we would like for the server. She plans on working more closely with the System Press Department to explore additional avenues to advertise the server outside of Villoux but would also like to encourage Villouxians who play TF2 to be more active on the server as well.

An incentive to increase activity we have previously discussed is hosting monthly TF2 tournaments, something Villoux has experience in doing in the past. We have made the first step in that process by hiring one new Team Fortress 2 Tournament Director, Mr. Professional Gibus. Ms. Angelberry plans on working with Mr. Gibus and myself to write regulations for the tournament and hopes to host a tournament by the end of next month. If any members of the House have recommendations for the tournament, e.g. would you prefer general gameplay or a more unorthodox game-style such as Pyro dodge ball, I would be very happy to hear their preferences and report them to Ms. Angelberry. She apologizes for the brief delay this month and promises to have much more in store for next month's update.

Transition: We will now open the floor to any questions, comments, or concerns in regard to the Team Fortress 2 Department. If you have a question, comment, or concern, please send me a private message with question, comment, or concern, respectively.

Transition: Seeing as there appear to be no further questions, comments, or concerns in regard to the Team Fortress 2 Department, we will now move to the system's fourth smallest department, the Minecraft Department. Presenting the Minecraft Department update is the Minecraft Department Chairman, Mr. SargentJ5.

Minecraft Update as Read by SargentJ5

I am proud to announce that progress has made over the course of the last month in the Minecraft Department and we are very close to opening our server for a beta test to ensure that all new plugins are working properly because we are using a later version of the game, version 1.13.2, as it was a popular request from the community. The Minecraft Server Head, Ms. Goldenflames15 and I have agreed upon the name "Villoux's Kingdoms" for the server, which will be based around

the creation of communities via survival mode. The only thing that is currently preventing us from launching the beta test are a few additional builds and fine-tuning that need to be made by our Minecraft Builders. I will be posting further updates in #minecraft and once the server reaches the beta testing stage, I will post a message in #villoux_announcements. I fully expect to begin beta testing early next month and encourage any member of the House with a premium Minecraft account to participate in the beta test before the server is released to the public to ensure everything is up to Villoux standards. In the meantime, I am looking forward to taking any questions, comments, or concerns from members of the House about Villoux's Kingdoms or the Minecraft Department in general.

Transition: We will now open the floor to any questions, comments, or concerns in regard to the Minecraft Department. If you have a question, comment, or concern, please send me a private message with "question", "comment", or "concern", respectively.

Transition: Seeing as there appear to be no further questions, comments, or concerns in regard to the Minecraft Department, we will now conclude the department updates portion of today's meeting and move to the staff announcements. Presenting the System Press Department announcement is the Executive System Press Officer, Mr. ItzGangsterHD.

System Press Announcement as Read by ItzGangsterHD

Good evening, Villoux House of Players. I would like to begin my System Press announcement by congratulating Mr. LightNRG on his promotion to System Press Manager and congratulate Mr. Biko on his promotion to Radio Villoux DJ Manager. Mr. Biko has been doing a wonderful job hosting our weekly Radio Villoux events. Last week saw a particularly successful event with about a dozen different users joining Radio Villoux over the course of the event. We heard everything from classic jazz to K-pop to heavy metal and it made for a great and diverse evening. I would like to thank the Executive Discord Operator, Mr. Wrench for being present at the event to help with administration. I encourage all members of the House to join us next week when Radio Villoux goes live on Friday night from 6:00 PM – 10:00 PM CST.

Our Misc. Gaming Section Manager, Mr. Deviationlark has made the decision to disband both the Apex Legends and the Elder Scrolls Online sections after continuing inactivity from both sections. As you may recall from the last House of Players meeting, the Apex Legends section was without a section leader for a considerable period of time and no users stepped up to serve as section leader, so disbanding this section made sense for an administrative perspective. Though the Elder Scrolls Online section was led by the TeamSpeak Operative Manager, Mr. Makkapacca5, he was unable to recruit any new users to join Villoux for the section, so it also made sense to disband this section. However, the user, Mr. Einstein has established a Grand Theft Auto V section with hopes of sponsoring a GTA V server. If you would like to help Mr. Einstein in creating a Grand Theft Auto V department, please send him a message for more information. Finally, as always, if you have a game you would like to see incorporated into a section in Villoux, please contact our Misc. Gaming Section Manager, Mr. Deviationlark. Thank you for your time.

Transition: We will now open the floor to any questions, comments, or concerns in regard to the System Press Department. If you have a question, comment, or concern, please send me a private message with “question”, “comment”, or “concern”, respectively.

Transition: Seeing as there appear to be no further questions, comments, or concerns in regard to the System Press Department, we will now move to the Discord Operation Department’s announcement. Presenting the Discord Operation Department announcement is the Executive Discord Operator, Mr. Wrench.

Discord Operation Announcement as Read by Wrench

Howdy, Villoux House of Players. My name is Wrench and I am excited to be joining you as the Executive Discord Operator. I previously served for a few months as the Discord Operative Manager, as a Discord Operator before that, and as an admin on Villoux’s Orange Low-Gravity Crit. Team Fortress 2 server before that. The Villoux community has come to mean a lot to me and I am glad to have made it my home.

As the Executive Discord Operator, I do have a few reminders I would like to make during this House of Players of meeting. First, there has been an increase in conversation in #rotmg_general about private Realm of the Mad God servers. The Lluke156 Clause of the Discord Ordinance prohibits the discussion of other gaming communities, including private Realm of the Mad God servers, so please ensure you refrain from discussing them in any public text channel. My Discord Operators will delete any messages pertaining to outside communities and send the user that posted the message a warning, but I would appreciate if we could all save time by just not discussing exterior communities in public text channels.

Next, I would like to make a request that the Osu! Department attempts to retain users that join Villoux’s Discord Server for our Osu! tournaments even after the tournaments have concluded. There have recently been several Osu! users leaving the Discord server after their Osu! matches have been played and I think it would be a good idea if we tried to do something to incentivize them to stay in Villoux even after the tournament, especially if we are moving to only host tournaments once every other month. Therefore, I would like to request the Osu! Department Chairman, Mr. DuXaaa and his staff discuss ways to keep Osu! users on the Discord server after their matches. I think promoting the other departments and their respective servers, guilds, and tournaments is a good place to start so that the Osu! users’ connections to Villoux are not solely based on Osu! tournaments.

Finally, and on the topic of the Osu! Department, I would like to remind everyone that United States Central Standard Time is the official time zone of the Villoux Server System and, as such, all events should be scheduled using US CST. It seems a lot of people having been using UCT in #osu rather than CST, so I would encourage the Osu! Department staff to correct users whenever they post information using the wrong time zone. I will conclude my announcement here and thank you all for your time and continuing cooperation.

Transition: We will now open the floor to any questions, comments, or concerns in regard to the Discord Operation Department. If you have a question, comment, or concern, please send me a private message with “question”, “comment”, or “concern”, respectively.

Transition: Seeing as there appear to be no further questions, comments, or concerns in regard to the Discord Operation Department, we will now conclude the staff announcements portion of today’s meeting and move to the closing ceremonies.

Closing Ceremonies as Read by Dr. Baskerville

Good day, Villoux House of Players. I would like to start my closing ceremonies by welcoming our new Executive Discord Operator, Mr. Wrench to the Villoux Grand Council. Mr. Wrench has proven himself to be a respected and well-liked member of our Team Fortress 2 Department and I am confident his reputation will further on the Grand Council. The Grand Council has recently had several additions over the course of the past few months and I am pleased to announce the System Art Designer, Sr. Vzilefreak has completed Grand Council portraits for our five newest members – the Minecraft Department Chairman, Mr. SargentJ5; the Team Fortress 2 Department Chairman, Ms. Angelberry; the Osu! Department Chairman, Mr. DuXaaa; the Executive System Press Officer, Mr. ItzGangsterHD; and the Executive Baskerville Assistant, Ms. Peekatchu. I will be unveiling their respective Grand Council portraits in the appropriate channels next week. On behalf of the Grand Council, I would like to thank Sr. Vzilefreak for his work.

Speaking of hard-working members of the system, I would like to thank and announce this month’s Friend of Villoux. As you know, the Friend of Villoux award is a monthly award given to a member of Villoux’s staff that has gone above and beyond in their respective field. It gives me great pleasure to announce this month’s Friend of Villoux is the Radio Villoux DJ Manager, Mr. Biko, previously known as “Mr. DaNkMeM”. Mr. Biko has been doing a fabulous job in coordinating efforts with our Radio Villoux events, even stepping up to DJ for entire events when his staff was unavailable. Without Mr. Biko, Radio Villoux events would not have run nearly as smoothly, successfully, and fun as they have been. Honorable mentions for this month include the Osu! Tournament Director, Mr. Tigerseye144; the Osu! Map Master, Mr. Lefafel; and the Baskerville Advisor Manager, Mr. Qmen. Special thanks to the Executive Baskerville Assistant, Ms. Peekatchu for sending the House of Players reminders this month and special thanks to the Baskerville Assistant, Mr. Tkhan for moving staff members into the House of Players voice channel. All of these users are yet another example of the excellence that runs throughout all of our staff, which leads me to take this opportunity to thank you – the hard-working members of Villoux’s staff that make Villoux a system in which “excellence is your only option”.

Before concluding my closing remarks, I would like to remind members of the House the purpose of these meetings is for our system officials to be provided an outlet through which they can communicate ideas and concerns from all members of our staff. When members of this House are not proactive in asking questions, making comments, or raising concerns, it defeats the purpose of these meetings, which can otherwise prove to be invaluable to us all. In future House of Players meeting, please do your best to take an active part in conversation during these meetings.

At this time, I will open the floor to any general questions, comments, or concerns. If you have a question, comment, or concern that did not fit into any of our previous sessions, please feel free to send me a private message with “question”, “comment”, or “concern”, respectively.

With that in mind and in heart, I, the Right Honorable Villoux Chief of Staff, Dr. Baskerville do hereby adjourn this 79th meeting of the Villoux House of Players. Please return to your appropriate channels.
