

HIATUS REQUEST FORM

Dear USERNAME,

This form is for users who wish to request a hiatus from their responsibilities in the Villoux Server System. It is not necessary for non-staff members to request a hiatus. Before requesting a hiatus, please read this excerpt from the System Hiatus Clause of the System Staff Ordinance in the Villoux Bill of Ordinances:

“The Villoux Server System will define a user’s request to be absent from the system for excess seven days as a request for a “hiatus”. [...] While on a hiatus, the user must not be active on any Villoux owned or operated servers, or in any Villoux operated tournaments or guilds for longer than one hour a day until their hiatus has expired. The maximum time for a hiatus is 73 days. If a user becomes inactive longer than that, they will no longer be defined as a member of the Villoux Server System. While on a hiatus, users will be considered excused from any official system events.”

If you are positive that you are eligible for a System Hiatus, please type an article stating why you need to be excused from the system, submit it to the Villoux Chief of Staff, Dr. Baskerville via email at drbaskerville@villoux.com, and await the Chief of Staff’s response.
