

## PROXY REQUEST FORM

Dear USERNAME,

This form is for user's who wish to request the approval of using a proxy on Villoux owned or operated servers. In order to do so, please type an article explaining the reasons behind your request and how long you believe your request will last. Please note that you will need to have justifiable reasons behind requesting a proxy such as personal protection or to bypass government sanctions. Once you have completed this article, please forward it to the Villoux Chief of Staff, Dr. Baskerville via email at [drbaskerville@villoux.com](mailto:drbaskerville@villoux.com). Approval will not be granted without what is deemed logical and justifiable usage by the Villoux Chief of Staff. Once the Villoux Chief of Staff has had time to review your request, you will be notified the verdict via reply email. You are **NOT** authorized to use a proxy in the meantime.
