

Website Exclusion Form

Dear USERNAME,

This form is used by users whose usernames appear on Villoux's public website, villoux.com, and wish to have their username removed from the website. Please note that any request to remove your username from the website will only be applied to the webpages on the website themselves, not any files such as PDFs that may also contain your username, e.g. ordinances and House of Players dockets, pursuant to the SargentJ5 Clause of the Website Ordinance.

If your request is approved, your username will be replaced with "Username Redacted" rather than the username itself in all applicable locations. Please email the Villoux Chief of Staff, Dr. Baskerville at drbaskerville@villoux.com or send him a direct message on Villoux's Discord Server with the reason why you are requesting your username to be removed. Please note that simply making this request does not ensure the request will be accepted. The Villoux Chief of Staff is the sole determiner in approving and denying such forms, but if you are unsatisfied with the Chief of Staff's verdict, you may appeal to a Villoux Grand Council Member to bring your request to the Villoux Grand Council in an attempt to override the Chief of Staff's decision, pursuant to the Headph Clause of the Grand Council Ordinance.
